Subject	Face Masks
----------------	------------

Message	<p>I am riding today to tell you something I'm sure that you've heard from many other people. It is such a violation of my civil rights to have to wear a mask when I go outside. If other people have masks on, they should be protected. I should not have to wear a mask as well. That is like telling me that I have to wear a dress instead of pants because I'm a girl. That's just a violation of my rights. I don't think that companies should get fined just because they don't enforce a face mask rule. If that is what's happening I think that's atrocious. I am also not able to get some of my medical care because I refuse to wear a mask. This is another atrocity. I'm sure that you get many many messages complaining about having to wear face masks. So I just wanted to add to that list. Thank you for listening. I hope that my message helps to change something for the better. God bless you. And thank you for the taking the time to read my message.</p>

This mandate is creating an atmosphere of hostility. It has deputized citizens to become mask police. Many of these people are driven by irrational fear that makes them violent. I've had people scream in my face, yell at my kids, physically intimate me, and try to corral me out of businesses. Why would anyone want to vacation here if they have to deal with harassment from locals? Nobody cares if you have a medical exemption or that kids under 18 don't fall under the mandate. They just see anyone without a mask as a threat and that's very dangerous for us all. I also want to complain about people who don't live in Pinellas calling and emailing. I know for a fact there's a group of people on social media who don't even live in the county who are sending in comments and if we're going to go that route I'll just start having all my out of state relatives call and write in since they visit here every year.

Dear Commission Members I am writing to you to address the potential lifting of the mask ordinance. We are still in the middle of a pandemic. It has not gone away just because people have become bored with it. It is imperative that we listen to science and the medical experts telling us to continue to wear masks. My family is still insolation. We have been since March. We don't have a choice because one family member has cancer and another has an autoimmune disease. If we catch the virus there is a high probability of severe illness or death. If the mask ordinance is lifted we will literally be unable to go anywhere. No school, no stores, nowhere. Wearing a mask is the bare minimum a person can do for others in their community. I hope that you all will support the mature, responsible choice to continue to wear masks while out in public through the flu season and until we have a covid vaccine . My life is literally in your hands.

End the emergency order and END THE FILTHY MASK MANDATES. There is extensive evidence the masks do more harm than good. A recent ruling by a federal Judge stated that the mandates are unconstitutional. Pinellas County is at less than 4% positive rate for Covid tests, which are highly false positive. Supporters of the mask mandates will be voted out of office or recalled. You all falsely claimed this was "only to slow the spread." We want our rights restored!

Please end the state of emergency and let the mask mandate expire. This mandate has negatively impacted my family, especially my child with special needs. When I took my child to All Children's Hospital for his quarterly blood work, we were yelled at because he lack the cognitive awareness to keep his mask on. I made the issue clear, but instead of offering reasonable accommodations, the nurses repeatedly demanded that I put his mask on. This made a tough medical procedure much worse, stressing my son and myself out unnecessarily. We have accomplished what we set out to at the start of the emergency – the curve has been flattened. It is time to return parental choice about masks for minors – as was initially allowed for but has since been countermanded by public school requirements.

Please allow the mask mandate to end. According to the CDC, masks MAY help with not spreading the virus, not WILL, so they are not even proven effective. If they are, it is only 30%. I don't need to try to educate you though, I'm sure you have done your own research. The extreme measures taken by our elected officials have caused undue fear and paranoia in the general public. This has resulted in anger and aggression between people who wear and people who do not. Someone is going to get hurt. I'm sure you don't want that to happen. Our percent positive is below 5% and if I'm not mistaken it has been that way for some time. It is time. I saw another place on the news that said they would end theirs once that parameter was met. They also spelled out the criteria they were looking for to end their mandate. We have asked repeatedly for this from you and last week was the closest we've come. I hope at this meeting, we will get some concrete answers and solutions to the growing stress and hostility in our community caused by local government over reach. Thank you

Comments Please allow the State of Emergency (SOE) to expire instead of voting to end the mask mandate. If the SOE expires, the mask mandate will end with it. The Board of Commissioners will have the opportunity to implement a new SOE (without the mask ordinance included) immediately after it expires. On the other hand, if the Board of Commissioners vote to remove the mask mandate from the existing SOE, it would take a ton of time including a two-week public notice and required advertisements, stretching it out until the election in November. We request the mask mandate to end as soon as possible considering it has dragged on for months already.

Please note that it is the mask wearers who are being violent, not the other way around.

I oppose everyone needing to wear masks. The numbers of Covid cases and deaths are so low now there is no need for them. I personally don't think there was ever a need for them, this whole thing has been blown way out of proportion and from what I can see Covid is no worse than any other flu virus. It's absurd to me that healthy people would be asked to wear masks. It's actually a violation of our basic human rights. And i don't think it's healthy for people to have to wear one all day. Especially kids. It upsets me that my little kindergarten son has to wear a mask to school all day. That is just insane to me. He needs to be exposed to the world and building his immune system. I think a lot of people have just gone into fear and have forgotten that we need germs and bacteria, and we need to be exposed to those things in order for a body to build immunities and be healthy. Enough is enough and it's time to get back to normal.

Topic State of Emergency/Mask Mandate

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments I am a local small business owner in Pinellas County, as well as a parent with children in the Pinellas County school district. I would like to see the mask mandate be revoked in Pinellas County and brought back as a "recommendation" but not a "requirement" for entering a public place in Pinellas County. The mandate is unconstitutional and goes against our right to medical choice. Masks are providing a false sense of security against a virus that has a mortality rate of 6% of the world's population! More people die from cancer & car accidents than have died from this "virus"

Comments Please stop the mask ordinance. There is no need to continue these restrictions. The “pandemic” can no longer be called such as the number as drastically reduced, not to mention skewed in the first place. The amount of psychological harm that this continued measure is creating has yet to be determined yet but the fear it has created is palpable. Further, this is a violation of our constitutional rights. Please stop immediately. Thank you.

Comments I oppose the mask mandate. I am medically exempt yet Mease countryside Hospital Aug 30 refuse to treat me without a mask even though I showed my inhalers. Also Med Express did also. I have filed discrimination charges with ADA and Civil rights Doj. I have been denied service other places too. This has gone too far. It's time to recind it for all of us!

Topic Please Repeal Mask Order

BCC Agenda Date 9-17-2020

Your Stand on the Issue

Comments

Please vote to repeal the mask order in early October. The commissioners asked the public to wear masks temporarily in order to get the virus numbers down. The public did what was asked of them, and achieved the agreed-upon goal. We did what was asked and we achieved the goal. Now it is time for the commissioners to hold up their end of the bargain and repeal the mask order. We agreed to wear the masks and we achieved the goal. Please repeal the mask order.

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments End the mask mandate, we have the right to choose if we want to wear one or not. Enough is enough, the curve is flattened and the mask is causing more issues now regarding staph infections on the face, respiratory issues and extreme hate from people who think they are the mask police. Please allow the State of Emergency (SOE) to expire instead of voting to end the mask mandate.

Topic Mask Ordinance

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments

As someone who cannot wear a mask due to severe panic attacks, this ordinance has severely affected my health. This is also a violation of ADA as some stores will not even allow you entry and go as far as verbally abusing people to the point of almost a physical altercation. My kids also are against the masks in school it is hard to breathe and many students have experienced horrible acne and scaring due to prolonged mask wearing which affects their personal and mental well being. For those who want to wear masks great make it a personal choice but for those who can't or children under 18 they should also have the choice to not wear one. The numbers have decreased substantially not to mention the numerous apologies for the numbers being inflated. And for criminal activity many who have been taped committing crimes cannot even be identifies due to face coverings and at a high crime time this is extremely unsafe. Please do away with this mask ordinance and make it a personal choice so we as Americans can regain our right to choose and some aspect of freedom.

Comments As a nurse that works at a local Pinellas County hospital I never saw a peak in covid patients. I OPPOSE the mask mandate and ALL other restrictions being held on our citizens and community. As you are aware, there are states and counties suing their government because of such restrictions. Don't let Pinellas County be one of those.

Empty hospital beds. False positive tests. Asymptomatic "cases". Do you even realize how extreme it is to muzzle healthy, law abiding citizens? This so called pandemic has a 99% survival rate. What will you try I'd something comes along with a 98% survival rate? Let the SOE expire. No masks.
