Good evening commissioner,

Thank you for working with the residents of Pinellas County to end mask mandate and state of emergency. The data clearly shows it is time. CDC website clearly shows this is not pandemic status but an outbreak. We've done our job in keeping the hospitals from getting overwhelmed. It's time we allow the citizens a choice in wearing a mask. People are being harassed and it's causing more division. Employers and employees shouldn't have to enforce a mandate.

I respectfully request you allow the state of emergency to expire.

Thank you,  
Jennifer Price  
Pinellas County Resident

Allow the SOE to expire. Forcing healthy people to be muzzled is abusive.

Leaders,

I am writing in regards to your vote tomorrow on the mask mandate and my request to lift your overreaching and unlawful mask “ordinance”.

Warmest Regards,

David

**Leaders,**

## **GOVERNMENT MANDATED APPAREL IS A DARK PATH!!!**

I am deeply concerned about the dissolution of the basic constitutional fundamentals of liberty and free will of which America was founded upon in response to something that we have dealt with in every generation since declaring our sovereignty. Disease will always and has always challenged humanity. COVID 19 is no different from many others despite its sensationalism from the media. “Corona” virus has everything it needs to be maximized and propagandized to the populace. A brand name to start (find your beach), comes from “Wuhan” (catchy almost sounds like Wu-Tang) and as with all viruses is not possible to “cure”. Job well done on the maximization and propagandizing of this opportunity.

I am deeply disappointed that you as a whole have violated your principle oath of office. Our constitution was written to prevent our government from consolidating the amount of power in which it greedily seeks.

I am not as scholarly as any of you, but do you need to be reminded of the dark history around the removal of civil liberties to “protect” a states constituents? You as a whole are going down a dark path that I can promise that many Americans will not continue to follow.

I implore you to both reconsider and remember. Reconsider your decisions that are doing as much or more damage than any disease ever could. Remember your oath to uphold both state and federal constitutional laws and the rights of your constituents.

You are failing “US”

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.”

“The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.”

I am retaining my rights as “people” and petitioning the government for a redress of our grievances.

Solemn Regards

Dear Commissioners,

I am writing to you with data so that you can stop harming people that you are here to serve. Please read the info I am forwarding and let me know you have read it, and feel free to contact me via email or phone to ask me any questions if it is not clear. I am especially concerned about the elderly and the children that are at very high risk from wearing masks not to mention the emotional trauma from the FEAR that has been imposed upon public and business owners alike.

Sincerely,  
Bonnie DiMartino
