Topic	Masks
BCC Agenda Date	9-17-2020
Your Stand on the Issue	Oppose
Comments	I'm opposed to mandatory masks. If you are not comfortable and you want to wear them go ahead but I don't think I should have to wear them. I heard a comment that 400 said yes to keep wearing them what about the more than 400 that say no it didn't make a difference in the last voting I'm hoping it will this time.

Direction of Inquiry	General Information
Subject	Health Mandates
Message	<p>Dear Commissioners,</p> <p>I was disappointed to hear that you extended the mask mandates. Can you provide scientific evidence that they protect people from sharing the covid virus? The CDC in 2018 confirmed that masks do NOT filter viruses due to the small size of the pathogen. To my knowledge, they have not confirmed through valid studies that viruses are definitely halted by mask wearing. A common sense question is why did we never wear masks during the flu season in past years? Why do health care workers not wear masks all the time due to possible virus transmission? Especially in light of the overall death numbers across the county and the majority of deaths are in people over the age of 55 (90%), why should healthy people walk around with their faces covered? It makes no sense to wear a mask to walk to your seat in a restaurant and then remove it when you sit down.</p> <p>Please reconsider this ridiculous mandate and follow truth instead of propaganda.</p>

Topic Mask mandate

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments I would like to oppose the mask mandate. With numbers, cases, death dropping significantly... I feel that the mask should be lifted. If numbers again arise, then the mandate should be revisited. If people would like to continue wearing masks, then i feel they should... however continuing to have this mandate mandatory does not seem necessary at this time.

Topic Face masks

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments

you on this board are practicing medicine without a license. By requiring face masks which are medical devices. You are also mandating the use of these medical devices to the detriment of the user, giving them false hope in there effectiveness. On most boxes it plainly states will not stop the Corona virus. Even the best masks the n 95 only stops particles. 3 microns and the covid 19 is much smaller at .125 (approximately). Making all masks ineffective at stopping the spread of the virus. You are baseing your unconstitutional mandates on ignorance and incompetence. If you truly believed what you say is true you would not of made government buildings exempt from your own mask mandate. You're and you ignorant rulings are the definition of hypocrisy. As we have seen over and over again by corrupt government officials. Your arrogance makes me and others sick figuratively and literally. You should all step down or face prosecution for endangering the welfare of a child and practicing medicine without a license. This is your one and only notice and you are now placed on notice. If you do not cease in your action you will be brought up on the mentioned charges. I am forming the legal class action suit. Actions have consequences. Finally you swore a oath to uphold the constitution. You should all be ashamed of your pitifully execution of such.

Topic Mask Mandate

BCC Agenda Date 9-17-2020

Your Stand on the Issue Oppose

Comments

Masks do more harm than good. There has been enough scientific and medical advice out there for months now. First of all, the viral particles are SMALLER than the smallest point in any type of mask (except a full face respirator). This means it does not protect the wearer from either being exposed to the virus or to prevent them from spreading it. Viruses are everywhere and humans have evolved with them for thousands of years. Masks produce a hypoxic injury by reducing the amount of oxygen one is breathing by up to 60%. Don't you know this by now? The biggest crime is masking children both physically and mentally having a major detriment on these children! Are you aware that a total of 330 children from ages 0 to 24 in the entire U.S. have died from the "virus"? That does not warrant masking children. More kids will get the common cold than this "virus". So, let the children breath so they can function in school and interact with their friends! Are any of you parents? People are going around living in fear, anxiety, stressing out, yelling at those of us who do not wear masks and are mis-informed about the entire "plandemic". The current status of it all does even fit the definition of a pandemic. Are you aware of this? Your government sponosred medical experts have had numerous opportunities to do their job and serve the citizens of Pinellas County by empowering them with real health information such as; recommend 1000 mg of Vitamin C daily (at least), take 5000+ IU's of vitamin D everyday, exercise, get fresh air and sunshine, eat lots of fruits and vegetables, cut out junk food, sugar alcohol, etc and more all to support and boost your immune system. That is how you prepare you body to resist a harmful virus.....everything they suggest people do is actually immune suppressive! Come on.....take a stand and use your common sense! Have the sense and nerve to not follow the mainstream media narrative that is full of lies and meant to control and manipulate people. You owe it to the citizens to get informed and listen to many of the experts who are sharing truth about the

masks, the pandemic and more. Many of the speakers on the weekly calls have offered to provide you with important data and information that you are clearly not getting. Please respond to our questions....you listen which is great and then you don;t respond and then don't take any of the information presented and shared into account. Why is that? Ok, we all hope for you all to use common sense and get rid of this ridiculous mask mandate. It is not a law! Thank you

I do not want the mask wearing mandate to continue. Those of you imposing your will against the people are abusing your power and it will not continue to be tolerated. It was never the intent to do this until there were no more cases. It was supposed to be a temporary measure so the hospitals would not be overrun. You are drunk with power and it will be remembered at election time if the madness does not stop.

Topic Extension of mask mandate

BCC Agenda Date 9-17-2020

Your Stand on the Issue

Comments

1) Masks STILL have not been scientifically conclusively shown to have any effect on the activity of the virus. Logically, the small size of a virus can not be stopped by a cloth mask. For reference, please see what medical professionals wear to protect themselves and some still get sick. 2) We shop less because mask is physically uncomfortable and prevents the body's own natural filtration system to work effectively. More online shopping + Less eating out. + Less entertainment= Less money for Pinellas. 3). The mask is a SECURITY risk. I live in an area with homelessness and crime. As the mother of three daughters, someone hiding their face is a flag! My own phone doesnt recognize me with a mask. Get rid of masks for this reason alone!!!4) the mask is a constant visual reminder of the 'pandemic'! It forces people to constantly be aware of a virus that has a 99+% survival rate! Increases anxiety and mental health issues in an already stressed world!

Commissioners,

As of today statistics show that:

The U.S. has two deaths **per one million*** of their citizens.

Sweden has two deaths **per twenty million*** of their citizens.

Their success in fighting COVID is **20 times better than ours** with no destruction of the lives or the futures of their citizens, both young and old.

Perhaps it's time to reassess your methodology. The spread of the virus is nothing to fear as evidenced by the Swedish model. Protecting the vulnerable is the only criteria necessary yet the medical elite will never admit their mistakes.

Personally, I cannot imagine being complicit to such atrocity.

*Per "Our World in Data – Corona Virus – as of 9/17/20".

Just read the Bay News 9 article that quoted you saying you got hundreds of emails from people that wanted to keep the mask mandate.

Let me get on the "Stop the Mask Ordinance" list. I don't know of anyone who wants to keep the ordinance. The hundreds of emails, that want to keep the ordinance, must have come from people wearing their masks inside, while they're not working. (I'd love to know the age of the people sending the emails.) The working stiffs in the county are tired of the masks.

Don't let 400+ emails, in a county of a million people, sway your decision. Most people don't have the time to be involved or just stay out of it and complain about masking up with these dehumanizing devices.

Thanks

Mike - 45-year-old father of five

This information is a result of a Pinellas County Online Customer Service form submission from the Pinellas County web site.

Direction of Inquiry	General Information
Subject	Repeal the face mask mandate
Message	Please consider the facts about face masks & the amount of respiratory infections from wearing dirty masks not to mention the extremely low numbers of COVID cases vs deaths & repeal this mandate. Thank you

County Commissioners:

Please vote today to make masks optional.

When the county's mask mandate was initiated, the scientific evidence explaining that masks do very little to protect people from illness was not available. Since then, numerous studies have been done which reveal their ineffectiveness.

I understand some people need the placebo effect that wearing a mask provides them – great, they can wear a mask! Others who do not feel masks are necessary, can continue to maintain proper social distance and not wear a mask.

In recent days I see more and more people not wearing masks for health reasons. Wearing a mask definitely causes more health issues in many families than the risk of contracting COVID with proper social distancing and frequent hand sanitizing.

Achieve a WIN-WIN and vote to make mask wearing OPTIONAL!

While I am saddened by the deaths of those who succumbed as a result of an average of 2.6 co-morbidities combined with COVID, the numbers just don't warrant mandatory mask wearing on any level.

See CDC: https://www.cdc.gov/nchs/nvss/vsrr/covid_weekly/index.htm

<https://nbc25news.com/news/local/cdc-94-of-covid-19-deaths-had-underlying-medical-conditions>

<https://www.wfla.com/community/health/coronavirus/new-cdc-report-shows-94-of-covid-19-deaths-in-us-had-underlying-medical-conditions/>

Thank you for taking the breadth of data into account and making a sound decision to make masks optional.
