Topic Douglas-Hackworth property

BCC Agenda Date 11-17-2020

Your Stand on the Issue Support

Comments We strongly support keeping the Douglas-Hackworth property as a refuge for wildlife and not to be used for any other purpose. Perhaps the program Penny for Pinellas could be used to fund this conservation effort. Regardless we hope our County Commission Board will stand with us and many others in this beneficial effort.

Topic Preserve the Douglas-Hackworth property

BCC Agenda Date 11-17-2020

Your Stand on the Issue Support

Comments This preserve is important to the long-term quality of Dunedin's environment. It's also marketable as an "attraction" to visitors if its appropriately labeled and managed. It would be a vital balancing factor in an area facing excessive build-out.

My Name is Joanne Kliesh and I have lived in Clearwater for 38 years. I became a Master Gardener in 2007 through IFAS and the Florida Botanical Gardens in Largo. I'm a member of the Rare Plant Network, Orchid Society, Bromeliad Society, Pinellas FNPS Conservation Committee and Pinellas Audubon Society. I am a member of the KeepKeeneGreen residents group who fought to save the Landings Golf Course Green Space, in Clearwater, from a Tampa Developer who wanted to build a light industrial complex on the Green Space. We won the referendum on the Nov. 3 ballot with 61% of the Clearwater residents voting "NO". As you can see I love plants, trees, nature, green spaces and the environment. My Concern extends to the Gladys Douglas-Hackworth property in Dunedin. This property needs to be saved from ALL developers. Please do what ever you can to preserve this property as she wanted. If there is anything I can do, Please let me know. I want to get involved and help. Remember, once a green space is gone, it is gone forever. We need to preserve this property now and for future generations.

I am writing again, to encourage Pinellas County to prioritize the creation of an offer on the Douglas-Hackworth property in order to preserve this valuable piece of pristine natural green space. As you are all aware, once it is sold to developers it can never be replaced. As you are also aware, time is of the essence. I implore you to please include the discussion on the December 15th meeting agenda. You have the support of the entire community, as well as the City of Dunedin, and several environmental groups such as the Sierra Club. There is also now a fundraiser set up via the Pinellas Community Foundation, to collect donations from residents who are committed to helping with the purchase of this land. I thank you for your time and your commitment to keeping one of the last remaining green spaces in our beautiful county preserved for future generations.

Dear Pinellas County Commissioner- I am a Pinellas County resident. I am asking you to put the Gladys Douglas Hackworth Property as an agenda item for the November 17th meeting as well as the December 15th meeting. I am asking you to vote YES to purchase the ENTIRE property with lake parcels of 44 acres. I am asking you to use the conservation/preservation fund and Pennies for Pinellas as well as any or all grants, loans to purchase and secure this one of a kind, unique and last remaining properties in Pinellas County. I beg and implore you to support the purchase to save and preserve the ENTIRE property with lake for future generations, visitors and tourists. We have a very short time limit of January 18th to finalize, buy and secure this amazing property for future generations, visitors and tourists to enjoy it, or it will be lost and destroyed. Please don't let this happen. We, Pinellas County, has a second chance at securing this property. Don't let it slip away. Your children and grandchildren will THANK YOU for your part that you played in preserving it. Thank you for your time and your support.
