State of Emergency & Mask Ordinance

BCC Agenda Date

11-17-2020

Your Stand on the Issue

Support

Comments

Wearing a mask is an act of responsible citizenship, something that we should all do during this pandemic, naturally and automatically, to respect and protect our shared humanity – like covering your nose and mouth when you sneeze. I implore you to stay the course and continue the state of emergency and the mask ordinance. Florida’s rates of death and infection have risen, and our state is now among the top five in the nation. Right now, we have only three ways to prevent the spread of this deadly virus: social distancing, disinfecting hands, and wearing masks. Eliminating any one of these measures now is pure folly. It is a three-legged stool. Do not cut off one of the legs. COVID is an aerosol that floats; it is NOT droplets. Science shows us that masks are very effective in blocking aerosols released by wearers from reaching the air and infecting others. Lifting the mask requirement while we still have significant – and increasing - rates of infection will cause people to die. These science-based facts make it clear that the mask requirement should not be lifted.

Comments	I cannot even believe that this is a discussion every time! Everyone sees the COVID numbers across the country.... it will get a lot worse before it gets better. How could anyone possibly argue with a mask mandate to be continued? There should probably be a stay at home order as well. Please do not relax the common sense CDC guidelines due to a few outspoken selfish fools!

Comments	I strongly support continuation of the Pinellas county orders on masks. Social distancing and mask wearing are proven methods that save lives and allow me to minimize risk when I grocery shop. Please keep these orders in place and I would love to see them strengthened. We are in a phase of growing # of cases per capita, and we must be vigilant. Thank you for your service and consideration of my comments.

Comments	Our Govenor has been negligent not mandating masks. The best defense we have against COVID until a vaccine is available is plain and simply a mask. If this mandate is lifted more more people are going to sick and die - not to mention the long term health issues. Cases are rising and we need to protect as many people as possible. PLEASE keep us safe and maintain the mandate. Our health and lives depend on it.

Topic	Masks
BCC Agenda Date	11-17-2020
Your Stand on the Issue	Support
Comments	We need to keep the mask mandate until such time that at least 70% of population is vaccinated. Cases of Covid are going up. People seem to be sicker this time around. Masks are the best defense and it is a simple task. Those who refuse to wear masks endanger all of us, including your loved ones. If people do not want to wear a mask, they should stay home. I support closing bars if numbers go up. Inside eating at restaurants should be banned as well.

Comments	I am commenting in support of the mask mandate. We need to continue to follow our medical experts in this public health crisis. Our numbers are slowly rising again and the holidays are upon us. It is of utmost important to keep the mask mandate in place. I also feel like it is important to urge family and friend gatherings to wear masks. Our spread is coming from these gatherings where masks are not worn.

Comments Keep the Mask Rule to Keep Pinellas Safe -- NEW DATA: Two solid studies establishes a county's mask-wearing rule reduces the chance of that county's residents getting #COVID19 by about 50%, even where other counties in a state have no such rule. The is data from Kansas and Tennessee, comparing counties with and without mask-wearing rules. The latter had 50% fewer cases and lower hospitalization rates. <https://bit.ly/3jIHUPO>
