This award is subject to the following special conditions:

S0001 The Pinellas County Forensic Laboratory shall provide to FDLE's Office of Criminal Justice Grants on or before October 15, 2020 the following documentation in accordance with sections 943.36(1) and 943.36(2), Florida Statutes, on form FCLC-1 titled "Local Crime Laboratory Budget Request."

Section II: Project Overview

Project Title: Statewide Criminal Analysis Laboratory System
Recipient Organization: Pinellas County Board of County Commissioners/Pinellas County Forensic Laboratory
Project Start Date: October 1, 2020
End Date: September 30, 2021

Purpose and Scope:

Section 943.32, Florida Statutes, establishes a statewide criminal analysis laboratory system composed of the FDLE laboratories and five locally-funded laboratories in Broward, Indian River, Miami-Dade, Palm Beach and Pinellas counties, specifically designated in section 943.35 Florida Statutes, to be eligible for state matching funds.

Criminal fines are collected statewide by Clerks of Court and forwarded to FDLE via the Department of Revenue pursuant to sections 938.07 and 938.055, Florida Statutes. These include mandatory fines imposed for driving or boating under the influence and discretionary fines the courts may impose when a locally-funded crime laboratory provides services that are used in the prosecution of any violation included in Title XLVI, CRIMES, chapters 775-896 of Florida Statutes (943.361, Florida Statutes).

Funds received by FDLE as a result of these criminal fines are passed through to statutorily designated crime laboratories on a quarterly schedule via a formula distribution basis. Funds must be utilized by each lab in accordance with section 943.361, Florida Statutes, as matching funds for services provided in eligible disciplines for up to 75 percent of each lab's operating costs for those disciplines.

The Recipient shall perform all tasks, activities, and provide budget, expenditure and workload reports as prescribed in section 943.36, Florida Statutes, on the FCLC-1 form template provided in conjunction with this agreement.

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature, and subject to any modification in accordance with Chapter 216, Florida Statutes or the Florida Constitution.

Expenditures of state financial assistance shall be compliant with laws, rules and regulations specified in section 943.361, Florida Statutes. The Department's determination of acceptable expenditures shall be conclusive.

Crime Laboratory Responsibilities:

The Recipient will provide crime laboratory services on a regular and ongoing basis during the 2020-2021 contract period to meet the forensic science service needs of criminal justice agencies within the state in accordance with section 943.32, Florida Statutes.

The Recipient will maintain adequate staffing levels and provide forensic services in eligible disciplines based on the specific needs of the law enforcement community it serves, as directed by the Recipient's governing board, county commission, or public unit of governance, and in accordance with established policies and procedures. The Recipient shall provide a copy of the current year annual budget for the lab within 30 days of execution of the agreement.

As a partially state-funded laboratory, the Recipient may be called upon by any Florida law enforcement official to provide crime laboratory services, even if the agency is outside the Recipient's regular geographic jurisdiction. The Recipient will provide assistance when possible, based on availability of services, current staffing and workload levels, and the Recipient's internal acceptance guidelines.

The Recipient will be reimbursed not to exceed 75 percent of the actual operating costs including, but not limited to, salaries, benefits, expenses, and operating capital outlay. Operating costs for equipment, health, safety, and training of member crime laboratories in the forensic discipline services listed below are eligible for funding through this agreement:

- Biology/DNA
- Chemistry
- Crime Scene
- Digital evidence

Recipient may not utilize funds received as part of this agreement for the following:

- Identification photography

- Medical examiners

Deliverables:

The scope and responsibilities above identify the project deliverables. Crime laboratories will provide forensic services for Florida criminal justice agencies as requested by criminal justice agencies, and in accordance with each lab's operating procedures based on the needs of their jurisdictions and requesting agencies.

For payment purposes, each crime lab will receive a quarterly payment initiated by the Department and based on the percentage identified in Section: Payments and Financial Reports of this contract, pursuant to sections 938.055 and 938.07, Florida Statutes

Recipients shall assure files are being maintained to substantiate forensic services provided and expenditures paid from this agreement. Supporting documentation for the deliverables and use of funds for each crime laboratory will be submitted to FDLE on FCLC-1 (Attachment A) in accordance with specifications and deadlines prescribed in section 943.36, Florida Statutes, unless written approval has been given by FDLE for a deadline extension not to exceed December 31, 2021. Any state funds received from this agreement that are determined to be in excess of 75 percent of the crime lab's operating costs, or utilized for ineligible disciplines or expenditures, must be returned to the state.

Other Requirements:

In the event the Recipient ceases providing crime laboratory services during this contract period, a final report shall be submitted to the Department to include the actual operating costs from the beginning of this contract through the date the Recipient ceased laboratory operations. The actual costs will be compared to the distributions to date, and any state funds in excess of 75 percent of the actual operating costs must be refunded to the Department by November 30, 2021.

If the Recipient fails to provide criminal laboratory services as directed by the Recipient's governing unit and as outlined in this Agreement, additional distributions of cash will be withheld and future funding under this program may be jeopardized.

Section III: Payments and Financial Reports

Funds will be disbursed to the Recipient based upon each crime lab's proportional distribution determined by population served using 2019 population estimates published by the Florida Legislature, Office of

Economic and Demographic Research. The distribution information for each crime lab is provided in the table below. Payments will be issued as quarterly disbursements to each crime lab after the end of each quarter in which FDLE receives the funds from the Department of Revenue. Awards under this program are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

By execution of this agreement and the submission of completed FCLC-1 reports, the Recipient shall receive quarterly payments as outlined in this agreement. The Recipient and Department agree that the reimbursement and reconciliation process outlined in section 943.36, Florida Statutes will be followed.

The Recipient may only retain funds up to an amount equal to 75 percent of the crime laboratory's total actual operating cost, excluding federally-funded expenditures, for the fiscal year. After the close of the current fiscal year (September 30, 2021), the amount distributed under this agreement will be compared to the actual crime laboratory expenditures as disclosed in the subsequent annual report (FCLC-1). Any state funds received in excess of the 75 percent threshold, as well as any balance of unobligated funds, must be refunded to the Department by November 30, 2021, or no later than 30 days of notification by the Department.

The funds received during the Recipient's fiscal year must be applied to the current operating budget, and expenditures incurred outside the agreement period (October 1, 2020 – September 30, 2021) are not eligible to be paid with these funds.

Each crime laboratory shall establish procedures to accept payments during the contract period and maintain supporting documentation including purchase orders, receipts, invoices, and proof of payment for all expenditures made with state matching funds.

No request for payment shall be made, nor shall any such request be honored, for any activity not covered by this agreement; and no monies distributed to the crime lab will be used to fund any operations unrelated to this agreement.

For this contract period, the Recipient will receive approximately 12.50% of the collected funds.

These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.

The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

If the Recipient expends less than \$750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, is not required. In the event that the Recipient expends less than \$750,000 in state financial assistance in its fiscal year

and elects to have an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

Pursuant to section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.

Pursuant to Section 216.1366, Florida Statutes, in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records, papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes:

Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this Agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination

The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I, Section 24(a), of the Florida Constitution and section 119.07(1), Florida Statutes

The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this Agreement, the Department may terminate the Agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the Agreement.

The Department's failure to demand performance of any provision of this Agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this Agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement.

No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole.

The agreement may be executed in any number of counterparts, any one of which may be taken as an original.

In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals

The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made

in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, Florida Statutes, and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, Florida Statutes. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this Agreement.

Liability

Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties

with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor.

Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract.

Nothing in this Agreement shall be construed to affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in section 768.28, Florida Statutes
