| Face coverings                        | The Pinellas County Face mask regulations go above and beyond the requirements of the State of Florida<br>Mask Mandate and is also in violation of the state wide mandate.  | Jeff Singer       | 2505 Bramblewood dr w        | Clearwater     | 33763 |             | jeff.singer12@gmail.com | 2021-02-17 15:28:33 |
|                                       | The state says masks are suggested but not required. The Pinellas county regulation say masks are<br>mandatory is certain situations.   |                   |                              |                |       |             |                         |                     |
|                                       | The state says monetary Fines cannot be levied for violations but the county provides language for fines.   |                   |                              |                |       |             |                         |                     |
|                                       | I am a registered voter in your specific district and I require an answer if you want to retain my support for<br>reelection. My questions are:   |                   |                              |                |       |             |                         |                     |
|                                       | <ol> <li>When will the imposition of this mask mandate against the personal choice rights of Pinellas County<br/>citizens be lifted? We are adults that can make our own health care decisions. You have no right to do it<br/>for us. Your actions are unconstitutional and against the bill of rights.</li> </ol>   |                   |                              |                |       |             |                         |                     |
|                                       | 2. Why is there monetary fine language in your mask mandate that is contrary to state law?  |                   |                              |                |       |             |                         |                     |
|                                       | Again - I expect an answer or I will actively campaign against your reelection in the future.   |                   |                              |                |       |             |                         |                     |
|                                       | Remember - you work for us.   |                   |                              |                |       |             |                         |                     |
| Mask Mandate                          | Greetings Pinellas County Commissioners,  | Michele Petsche   | 1541 Carroll St              | Clearwater     | 33755 | 17272594678 | m.petsche@hotmail.com   | 2021-02-14 17:15:36 |
|                                       | I'm writing today over great concern on your insistence to continue the county wide mask mandate. No, I will not debate any legality or constitutional right for either side. I ask you to take into consideration the safety concerns.   |                   |                              |                |       |             |                         |                     |
|                                       | We have been dealing with the virus for almost a year now. Everyone is well aware of proper hand<br>washing and social distancing. Medical personnel now know how to treat cases with far more positive<br>outcomes than before. People are more apt to stay home when they are feeling ill and parents are keeping<br>their sick children home instead of sending them to school.  |                   |                              |                |       |             |                         |                     |
|                                       | My concerns are that you are taking a "one size fits all" approach. Business' are not honoring the medical<br>exemption, complete strangers verbally attacking people not wearing a mask and who legitimately have<br>difficulty wearing a mask due to a medical condition and a safety issue.  |                   |                              |                |       |             |                         |                     |
|                                       | There are many business' who have signs stating "Masks required to enter, If you do not comply, you will<br>be asked to leave". Where is the medical considerations there? Order on line and we will bring your order<br>out? Would we allow someone in a wheelchair to be treated this way? Or, someone wheeling their oxygen<br>tank with them? Would we allow them to be denied entrance due to their disability? Some business' will<br>refuse to check you out if your mask doesn't fully cover your nose! This is beginning to become utter<br>nonsense for adults to act this way and unprofessional for business' to treat their customers like this. |                   |                              |                |       |             |                         |                     |
|                                       | I have seen and heard stories of people "stalking", arguing and threatening others in stores demanding<br>they put a mask on. Would you like a complete stranger, who knows nothing about you, demand that you<br>do something? This is a real safety issue! I have personally seen people completely covered with hoodies,<br>sunglasses and their mask pulled all the way up covering their face entering a business. Again, a very<br>serious safety concern!  |                   |                              |                |       |             |                         |                     |

| COVID vaccine registration - FI Patient<br>Portal | Hello!   | Kate Bauer-Jones  | 549 8th St N       | St Petersburg  | 33701 | 239-293-7187 | kbbauer115@gmail.com     | 2021-02-11 13:11:00 |
|   | I spent a great deal of time last month attempting to help my father register for his COVID vaccine. I am<br>delighted to share we were successful, and my father is being vaccinated. I am now attempting to register<br>myself, for when the general population is able to be vaccinated, however I've discovered a problem with<br>the system no one I'm able to contact seems to care about. I was hoping perhaps one of you might be able<br>to get in touch with someone who cares who you are more than they care who I am? |                   |                    |                |       |              |                          |                     |
|   | In the Florida Patient Portal, once you've used your email address to register someone you cannot modify<br>that - so I cannot remove my father's information and input mine. You also cannot register more than one<br>person with a single email address. You also cannot delete an account and create a new one. The<br>registration website does claim to have an option to register without an email address, but your user name  |                   |                    |                |       |              |                          |                     |
|   | is required to be an email address. I spent a great deal of time on the phone with a technical support<br>customer service person who ultimately verified if you do not have an email address to enter as a user<br>name, you cannot be registered to be vaccinated.   |                   |                    |                |       |              |                          |                     |
|   | This strikes me as a pretty significant barrier to access, and I thought the commission might be interested<br>in investigating and asking if any or all of these issues could be corrected, as I suspect the county might be<br>paying quite a bit of money for this service?   |                   |                    |                |       |              |                          |                     |
|   | If there's someone else I could contact to help, please let me know!<br>Thank you very much,   |                   |                    |                |       |              |                          |                     |
|   | Kate Bauer-Jones   |                   |                    |                |       |              |                          |                     |
|   | 549 8th St N<br>St. Petersburg, FL 33701   |                   |                    |                |       |              |                          |                     |
|   | As a Pinellas County resident, I urge the Board of Commissioners to contact state authorities to stop the<br>state's Covid 19 bill in the House and Senate. The Florida legislature is going to pass a law that strips<br>patients of their rights in Covid-19 vaccinations.   | Joseph Weinzettle | 63381 Polly Drive  | Tarpon Springs | 34689 |              | weinzettle@hotmail.com   | 2021-02-11 12:33:48 |
|   | The Florida bill prohibits the patients from suing in case of harm or death caused by the health care<br>provider. The bill raises the standard of "negligence" to "gross negligence".   |                   |                    |                |       |              |                          |                     |
|   | The public will be victimized by this bill, losing both patient rights and consumer rights for the benefit of<br>large corporations such as Publix, Sams and Walmart which are distributing the vaccines for the state.  |                   |                    |                |       |              |                          |                     |
|   | Please do not allow the state to take away our rights during a pandemic.   |                   |                    |                |       |              |                          |                     |
|   | Thank you for your attention to this URGENT matter affecting millions of vulnerable Americans, especially the elderly.   |                   |                    |                |       |              |                          |                     |

| 85 year old cannot register for vacc |   | Robert Neff   | 4904 38th Way S 416      | St. Petersburg, FL | 33711 | 727 328-1733 | rob@fifthworldart.com    | 2021-02-10 17:09:0 |
|--------------------------------------|---|---------------|--------------------------|--------------------|-------|--------------|--------------------------|--------------------|
|                                      | appointment. Called the Pinellas County phone number, 844-770-8548. CDR Health identified themselves            |               |                          |                    |       |              |                          |                    |
|                                      | on the recording. Went through the phone tree. Was told no appointments are being scheduled.                    |               |                          |                    |       |              |                          |                    |
|                                      | With Pinellas County no longer taking online appointments and relying on list of those already registered,      |               |                          |                    |       |              |                          |                    |
|                                      | how are seniors expected to register with the County.   |               |                          |                    |       |              |                          |                    |
|                                      | Please confirm news information that those who registered first will be called first, and so forth.             |               |                          |                    |       |              |                          |                    |
|                                      | This approach is unsettling. I would expect the selection triage approach to be by age.                         |               |                          |                    |       |              |                          |                    |
|                                      | I await your response on:   |               |                          |                    |       |              |                          |                    |
|                                      | 1. How an 85 year old lady can get an appointment for a COVID-19 vaccination?                                   |               |                          |                    |       |              |                          |                    |
|                                      | 2. How are residents selected for next available appointment?   |               |                          |                    |       |              |                          |                    |
|                                      | Regards,  |               |                          |                    |       |              |                          |                    |

| 2/18/2021 | 407-406-0773 | PSTA not<br>following<br>CDC    | We received a voicemail from Mr. Joe<br>Puravansenti 407-406-0773 regarding PSTA<br>violations CDC guidelines. They are exceeding #<br>of people while imposing rules on others.<br>Letting people on with no masks. Use their<br>shirts to cover their noses and then drop their<br>shirts. They pass people who exceed the county<br>but in the mornings they are bringing excessive<br>people out to hospitality trade to Clearwater<br>Beach in the mornings and back in the evenings<br>to Park Street. They are allowing 25 people on<br>the bus when only 15 are allowed. CDC, Code<br>enforcement, Sheriff's Dept, Governor's all<br>agree these are violations and point to you as<br>the administrator of these problems. You are<br>responsible with what's going on with the<br>busses and you are responsible when they break<br>the guidelines. He has notified everyone let's<br>see what happened. I've talked to Clearwater<br>Police they say they are not resp. for enforcing<br>and neither is the Sheriff. We are forced to<br>following rules why if no one is enforcing?<br>You are getting paid to fix this. | Joe Pur         | avansenti | Sent an email to all BCC on<br>PSTA board. Comm Peters<br>office sent it to PSTA  |       |  |
|           | 219-916-6723 | Vaccine<br>Center Mgmt          | Mr. & Mrs. McGill (219-916-6723) live in Tampa<br>and both came over<br>to the Pinellas Park Senior Center to be<br>vaccinated. She wanted to commend the<br>firefighters<br>on the efficiency of administering the vaccines.<br>They were fabulous and she wanted the<br>Commissioners to know.   | Mc              |           |   | Tampa |  |
|           | 727-247-4731 | Rental<br>Assistance<br>Program | She wanted to know who to talk to about getting the new rental assistance program going  | none non        |           | sjo - called her and told her the<br>County and partners were<br>working on it and the Launch<br>should be in March and for her<br>to watch our website under<br>get help |       |  |
