

RESOLUTION NO. 21-

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF PINELLAS COUNTY, FLORIDA, RELATING TO COMMUNITY REDEVELOPMENT PURSUANT TO CHAPTER 163, PART III, FLORIDA STATUTES, THE COMMUNITY REDEVELOPMENT ACT; MAKING A FINDING OF NECESSITY THAT BLIGHTED CONDITIONS EXIST WITHIN THE PINELLAS PARK COMMUNITY REDEVELOPMENT EXPANSION AREA AND THAT THE REHABILITATION, CONSERVATION AND REDEVELOPMENT OF THIS AREA IS NECESSARY IN THE INTEREST OF THE PUBLIC HEALTH, SAFETY, AND WELFARE OF THE RESIDENTS OF THE CITY OF PINELLAS PARK; AND AMENDMENTS TO CORRECT SCRIVENER'S ERRORS FOR INCLUSION INTO THE PINELLAS PARK COMMUNITY REDEVELOPMENT PLAN PURSUANT TO CHAPTER 163, PART III, FLORIDA STATUTES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Pinellas County Board of County Commissioners ("Board") adopted Resolution No. 88-469 on November 30, 1988 delegating authority and powers conferred upon Pinellas County by Chapter 163, Part III, Florida Statutes (the "Act") to the City of Pinellas Park; and

WHEREAS, the Board, pursuant to Resolution No. 90-78 adopted on September 25, 1990, approved the creation of the redevelopment trust fund, and authorized the appropriation of County tax increment revenues to the redevelopment trust fund; and

WHEREAS, the Pinellas Park Community Redevelopment Plan was approved by the Board of County Commissioners of Pinellas County pursuant to a Resolution adopted on September 25, 1990; and

WHEREAS, the Board, pursuant to Resolution No. 90-78 adopted on September 25, 1990, approved the creation of the redevelopment trust fund, and authorized the appropriation of County tax increment revenues to the redevelopment trust fund; and

WHEREAS, the Florida Legislature duly enacted Chapter 163, Part III, Florida Statues (the "Community Redevelopment Act") establishing the conditions and procedures for the establishment of community redevelopment areas and agencies; and finding that areas or portions thereof which are deteriorating or economically distressed could be revitalized and redeveloped in a manner that will vastly improve the economic and social conditions of the community; and

WHEREAS, the City Council of the City of Pinellas Park, Florida, by its Resolution No. 18-33, adopted the Finding of Necessity, in that part of the City more particularly depicted in Map Exhibit "A" hereto (such area being referred to herein as the "Expansion Area"), of the Pinellas Park Community Redevelopment Area; and

WHEREAS, the Board adopted Ordinance No. 19-33 on November 12, 2019, amending the Pinellas County Code Section 38-64 to provide for a one-year Extension of the City of Pinellas Park Community Redevelopment Area Redevelopment Trust Fund; and

WHEREAS, the Board, on November 17, 2020, adopted Resolution No. 20-158, which extended the existence of Pinellas Park Community Redevelopment Area for twenty years from January 1, 2021 through January 1, 2041, expanded its boundaries, and adopted a modified Community Redevelopment Plan, but did not make a formal Finding of Necessity for the Expansion Area; and

WHEREAS, subsequent to the adoption of Resolution No. 20-158, scrivener's errors were identified in the adopted, modified Community Redevelopment Plan; and

WHEREAS, the Board, having considered the data and analysis described in the City of Pinellas Park's Finding of Necessity (Exhibit "B"), makes a legislative finding that the Expansion Area meets the criteria for a blighted area described in Section 163.340(8), Florida Statutes.

NOW, THEREFORE, IN REGULAR SESSION DULY ASSEMBLED ON THIS _____ OF _____, 2021, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF PINELLAS COUNTY, FLORIDA, THAT:

1. Pursuant to Section 163.355, Florida Statutes, the Board of County Commissioners makes a Finding of Necessity, supported by data and analysis in Exhibit "B", that the conditions in the Expansion Area meet the criteria for a blighted area described in Section 163.340(8), Florida Statutes, in that:
 - (a) One or more blighted areas exist in the Expansion Area; and
 - (b) The rehabilitation, conservation, and redevelopment of the Expansion Area is necessary in the interest of the public health, safety, and welfare of the residents of the City of Pinellas Park; and
 - (c) The Expansion Area may be added to and incorporated within the Pinellas Park Community Development Area.
2. The Pinellas Park Community Redevelopment Agency will serve as the community redevelopment agency for the Expansion Area as part of the Pinellas Park Community Redevelopment Area.
3. The Community Redevelopment Agency shall revise the legal description for the Pinellas Park Community Redevelopment Area as illustrated in Exhibit "C" to correct the scrivener's errors in conformance with the following items:
 - (a) Expansion Area Boundary: Modify expanded boundary to establish common boundary that does not overlap adjacent areas within Unincorporated Pinellas County; and

- (b) Legal Description: Modify to reflect changes to the Expansion Area boundary described in Paragraph 3(a) above.
4. This Resolution shall become effective immediately upon its adoption.

Commissioner _____ offered the foregoing Resolution and moved for its adoption, which was seconded by Commissioner _____, and upon the roll call, the vote was

I. Executive Summary

This report identifies the presence of several conditions of blight within the City of Pinellas Park, as defined by Section 163.340, Florida Statutes (F.S.), that justify the expansion of the Pinellas Park Community Redevelopment Area to include those parcels located within the Finding of Necessity Study Area (refer to Map I: Boundaries of Existing CRA and Proposed Expansion Area).

Section 163.340, F.S. (7 & 8) presents the three (3) conditions of “Slum Area” and the definitions of fifteen (15) “Blight Conditions” that may be used to determine if an area qualifies for inclusion in a Community Redevelopment Area. To be considered a “slum” or “blighted”, a minimum of two (2) of the eighteen (18) Slum and Blight Area conditions need to be observed within the Pinellas Park Study Area. ***The observance of seven (7) of the fifteen (15) Blight Area conditions and one (1) of the three (3) conditions of a “slum-area” within the Study Area meets the criteria Alternative One method for determination of blight and justifies the inclusion of the Study Area within the existing Pinellas Park Community Redevelopment Area in accordance with Section 163, Part III, F.S.***

The conditions of blight identified and observed within the CRA expansion Study Area include:

1. Inadequate provision for ventilation, light, air, sanitation, or open spaces;
2. Predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation facilities;
3. Faulty lot layout, in relation to size, adequacy, accessibility, or usefulness;
4. Unsanitary or unsafe conditions;
5. Deterioration of site or other improvements;
6. Incidence of crime in the area higher than in the remainder of the county or municipality;
7. Fire and emergency medical service calls higher than in the remainder of the municipality; and
8. Diversity of ownership or defective or unusual conditions of title which prevent the free alienability of land within the deteriorated or hazardous area.

Table 8, presents a summary checklist of the definitions associated with conditions of “slum and “blight”. Based on the observed presence of these conditions within the Study Area, the City of Pinellas Park may expand the boundaries of the existing Community Redevelopment Area to include the area within the CRA Expansion Study Area boundaries in accordance with Section 163, Part III, F.S., the “Community Redevelopment Act.”

II. Objectives and Purpose of the Redevelopment Act

The purpose of the Community Redevelopment Act, Chapter 163, Part III of the Florida Statutes is to assist local governments in eliminating and/or preventing blighted conditions that are detrimental to the sustainability of economically and socially vibrant communities. The following paragraphs describe those blighted conditions, their specific effects, and the intentions of the community redevelopment regime as a tool for creating and implementing policies and programs.

- *Section 163.335 (1) It is hereby found and declared there exist in counties and municipalities of the state slum and blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals, and welfare of the residents of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability imposing onerous burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests sound growth, retards the provision of housing accommodations, aggravates traffic problems, and substantially hampers the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blight is a matter of state policy and state concern in order that the state and its counties and municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, and consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization, and other forms of public protection, services, and facilities.*
- *Section 163.335 (2) It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this part, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this part, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils enumerated may be eliminated, remedied, or prevented; and that salvageable slum and blighted areas can be conserved and rehabilitated through appropriate public action as herein authorized and the cooperation and voluntary action of the owners and tenants of property in such areas.*
- *Section 163.335 (3) It is further found and declared that the powers conferred by this part are for public uses and purposes for which public money may be expended and police power exercised, and the necessity in the public interest for the provisions herein enacted is declared as a matter of legislative determination.*
- *Section 163.335 (4) It is further found that coastal resort and tourist areas or portions thereof which are deteriorating and economically distressed due to building density patterns, inadequate transportation and parking facilities, faulty lot layout, or inadequate street layout, could, through the means provided in this part, be revitalized and redeveloped in a manner that will vastly improve the economic and social conditions of the community.*
- *Section 163.335 (5) It is further found and declared that the preservation or enhancement of the tax base from which a taxing authority realizes tax revenues is essential to its existence and financial health; that the preservation and enhancement of such tax base is implicit in the purposes*

for which a taxing authority is established; that tax increment financing is an effective method of achieving such preservation and enhancement in areas in which such tax base is declining; that community redevelopment in such areas, when complete, will enhance such tax base and provide increased tax revenues to all affected taxing authorities, increasing their ability to accomplish their other respective purposes; and that the preservation and enhancement of the tax base in such areas through tax increment financing and the levying of taxes by such taxing authorities therefore and the appropriation of funds to a redevelopment trust fund bears a substantial relation to the purposes of such taxing authorities and is for their respective purposes and concerns. This subsection does not apply in any jurisdiction where the community redevelopment agency validated bonds as of April 30, 1984.

- *Section 163.335 (6) It is further found and declared that there exists in counties and municipalities of the state a severe shortage of housing affordable to residents of low or moderate income, including the elderly; that the existence of such condition affects the health, safety, and welfare of the residents of such counties and municipalities and retards their growth and economic and social development; and that the elimination or improvement of such condition is a proper matter of state policy and state concern and is for a valid and desirable public purpose.*
- *Section 163.335 (7) It is further found and declared that the prevention or elimination of a slum area or blighted area as defined in this part and the preservation or enhancement of the tax base are not public uses or purposes for which private property may be taken by eminent domain and do not satisfy the public purpose requirement of s. 6(a), Art. X of the State Constitution.*

A. **Redevelopment Area Expansion/Creation Procedures**

I. **Declaration and Process**

Determining if blight conditions exist within the Study Area is the initial step in ascertaining the expansion area's appropriateness as a community redevelopment area and inclusion in the Pinellas Park's current Community Redevelopment Area. This documentation of blight conditions and supporting analysis shall be referred to herein as the "Findings Report."

This report describes the physical, economic, and regulatory conditions within the community redevelopment Study Area that are associated with blight or its causes and discusses the appropriateness for including areas within the existing CRA area. S&ME staff, working closely with CRA and City staff, inspected the Study Area through an on-site field study. In addition to the field study, a GIS analysis of conditions was conducted and is presented in later sections of this report. Data was provided by the City of Pinellas Park, Pinellas County GIS, and the Pinellas County Property Appraiser. S&ME utilized ESRI Business Analyst data to extract recent socio-economic data and prepared the analysis contained within this report. ESRI Business Analyst data is derived from the US Census data, American Community Survey data, and other public data sources.

2. **Adoption of Findings of Necessity Report or "Blight Study"**

Under the Community Redevelopment Act, if an area is deemed blighted, a resolution must be adopted by the local governing body, or municipal subdivision, finding that blight conditions are present within the defined Study Area and that the repair, rehabilitation

and/or the redevelopment of said areas are in the interest of public health, safety and welfare. If an area has such blighted conditions, the governing body would be empowered to expand an existing CRA to include these parcels or, to establish a Community Redevelopment Agency (CRA). After the **adoption of a Resolution** by the Pinellas Park Community Redevelopment Agency acknowledging the documented conditions of blight and expanding the Community Redevelopment Area boundaries, the Pinellas Park City Council **will adopt an Ordinance formally acknowledging the expanded Pinellas Park Community Redevelopment Area boundaries and the participating parcels**. The ordinance will also establish the taxable-value base-year for the calculation of tax-increment (TIF) revenue, duration of the expansion area within the Pinellas Park CRA and also authorize the contribution of the TIF revenue collected from the expanded area's participating parcels for placement in the Pinellas Park Community Redevelopment Agency's Tax-Increment Trust fund. The most recent real property certified tax roll, prior to the effective year of the ordinance, shall be used to establish the "base year". These taxable values within the expanded redevelopment area will be used to calculate the future tax increment. In the Pinellas Park's case, the assumed timetable to move forward implies that the calculation of the tax increment will utilize the 2017 certified rolls for the proposed expansion area. Due to the City of Pinellas Park's location in Pinellas County, a home-rule charter county, the Pinellas County Board of County Commissioners will be **required** to amend the Delegation of Authority Resolution to fully memorialize the CRA boundary expansion and the County's rate of participation in the tax increment trust fund.

3. Redevelopment Plan Update

The Pinellas Park City Council acts as the City's Community Redevelopment Agency. The Pinellas Park Community Redevelopment Agency has directed the subsequent preparation of the Community Redevelopment Plan update which would reflect the expansion area's addition to the existing CRA's boundaries. The updated Community Redevelopment Plan will provide physical information on the expanded redevelopment area and identify potential programs and projects to address the specified blighted conditions.

The Community Redevelopment Act requires that redevelopment plans be subjected to a compliance review that is conducted by the Land Planning Agency (LPA) before it may be submitted to the City Council for approval. The LPA has sixty (60) days to review the redevelopment plan for its conformity with the City's Comprehensive Plan, addressing the development of the City as a whole and providing comments to the Community Redevelopment Agency. After receiving comments and recommendations from the LPA, the local governing body shall hold a public hearing on the approval of the Community Redevelopment Plan after appropriate public notice has been provided and appropriate advertisements placed within the accepted general circulation newspaper of the area.

Prior to the City adopting any resolution or ordinance to approve an updated community redevelopment plan or establish a redevelopment trust fund, the governing body must provide public notice of the proposed actions to each of the taxing authorities that have the power to levy ad-valorem taxes within the redevelopment area. Such notices serve as an alert to these taxing authorities to any possible changes in their budgets that may occur as a result of the redevelopment action. As a policy matter, it is assumed that the following

entities with ties and relationships to the City of Pinellas Park government will receive notice of any actions arising from either the findings of necessity analysis or subsequent programs or initiatives should they be authorized under the terms of the Redevelopment Act.

- Pinellas County Board of County Commissioners
- Pinellas County Tax Collector
- Southwest Florida Water Management District
- Pinellas County Schools Public School System
- Pinellas County Property Appraisers Office

B. ***Criteria for Determining Blight***

The Community Redevelopment Act establishes two similar, but discrete, pathways to determine if a Study Area is a “blighted area,” sufficient to warrant the full application of the redevelopment powers conveyed by such a designation.

- *Alternative One involves the layering of two tests. The first test is broadly conditional and the second test is criteria specific. Both tests must conclude that the described conditions exist affirmatively.*
- *Alternative Two involves a specific agreement among parties subject to a prospective trust fund agreement. Where such an agreement exists, the jurisdiction seeking to designate a redevelopment area will be allowed to pass a less rigorous test. As in the first alternative, this test relates to specific criteria and it must conclude affirmatively.*

I. **Alternative One**

The first test for Alternative One requires that a Study Area identified as a blighted area contain a “substantial number of deteriorated or deteriorating structures, in which conditions, as indicated by government-maintained statistics or other studies, are leading to economic distress or endanger life or property.”

The second test for Alternative One must prove that the area must be one in “which two or more of the following factors are present.”

- a. Predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation facilities.
- b. Aggregate assessed values of real property in the area for ad valorem tax purposes have failed to show any appreciable increase over the 5 years prior to the finding of such conditions.
- c. Faulty lot layout in relation to size, adequacy, accessibility, or usefulness.
- d. Unsanitary or unsafe conditions.
- e. Deterioration of site or other improvements.
- f. Inadequate and outdated building density patterns.
- g. Falling lease rates per square foot of office, commercial, or industrial space compared to the remainder of the county or municipality.
- h. Tax or special assessment delinquency exceeding the fair value of the land.

- i. Residential and commercial vacancy rates higher in the area than in the remainder of the county or municipality.
- j. Incidence of crime in the area higher than in the remainder of the county or municipality.
- k. Fire and emergency medical service calls to the area proportionately higher than in the remainder of the county or municipality.
- l. A greater number of violations of the Florida Building Code in the area than the number of violations recorded in the remainder of the county or municipality.
- m. Diversity of ownership or defective or unusual conditions of title which prevent the free alienability of land within the deteriorated or hazardous area.
- n. Governmentally owned property with adverse environmental conditions caused by a public or private entity.
- o. A substantial number or percentage of properties damaged by sinkhole activity which have not been adequately repaired or stabilized.¹

2. Alternative Two

The Redevelopment Act also allows that a blighted area may be “any area in which at least one of the factors identified in paragraphs (a) through (o) of Section 163.340 (8), F.S. are present and all taxing authorities (as such term is defined in the Redevelopment Act) subject to Section 163.387 (2)(a), F.S. agree, either by interlocal agreement or agreements with the agency or by resolution, that the area is blighted.”

¹ Florida Statutes, Section 163.340 (8).

III. Introduction

This report provides a brief historical perspective of Pinellas Park. Following this historical summary, the report outlines the required findings of blight as identified in Section 163, Part III, Florida Statutes (F.S.), the “Redevelopment Act,” in order to enable the expansion of the existing Pinellas Park Community Redevelopment Area to include additional portions of the City of Pinellas Park’s area. This is the first step in an on-going series of steps designed to stimulate economic development, enhance and improve existing communities and assist redevelopment activities within the Pinellas Park CRA.

The analysis in this report is limited to a specific geographic area of approximately 748 acres (or approximately 7% of the City’s acreage), including all rights-of-way. The Study Area extends from the existing CRA and covers only properties within Pinellas Park. Existing uses within the Study Area include industrial/warehouse and commercial along the major transportation corridors, and single-family and mobile homes behind the more intensive uses. Public, institutional and vacant lands are distributed throughout the area. The existing Pinellas Park Community Redevelopment Area (CRA) is serviced by major thoroughfares including: Park Boulevard, US 19, and 70th Avenue. The primary thoroughfares providing connections to and through the proposed expansion area include US 19, Gandy Boulevard, and 62nd Avenue.

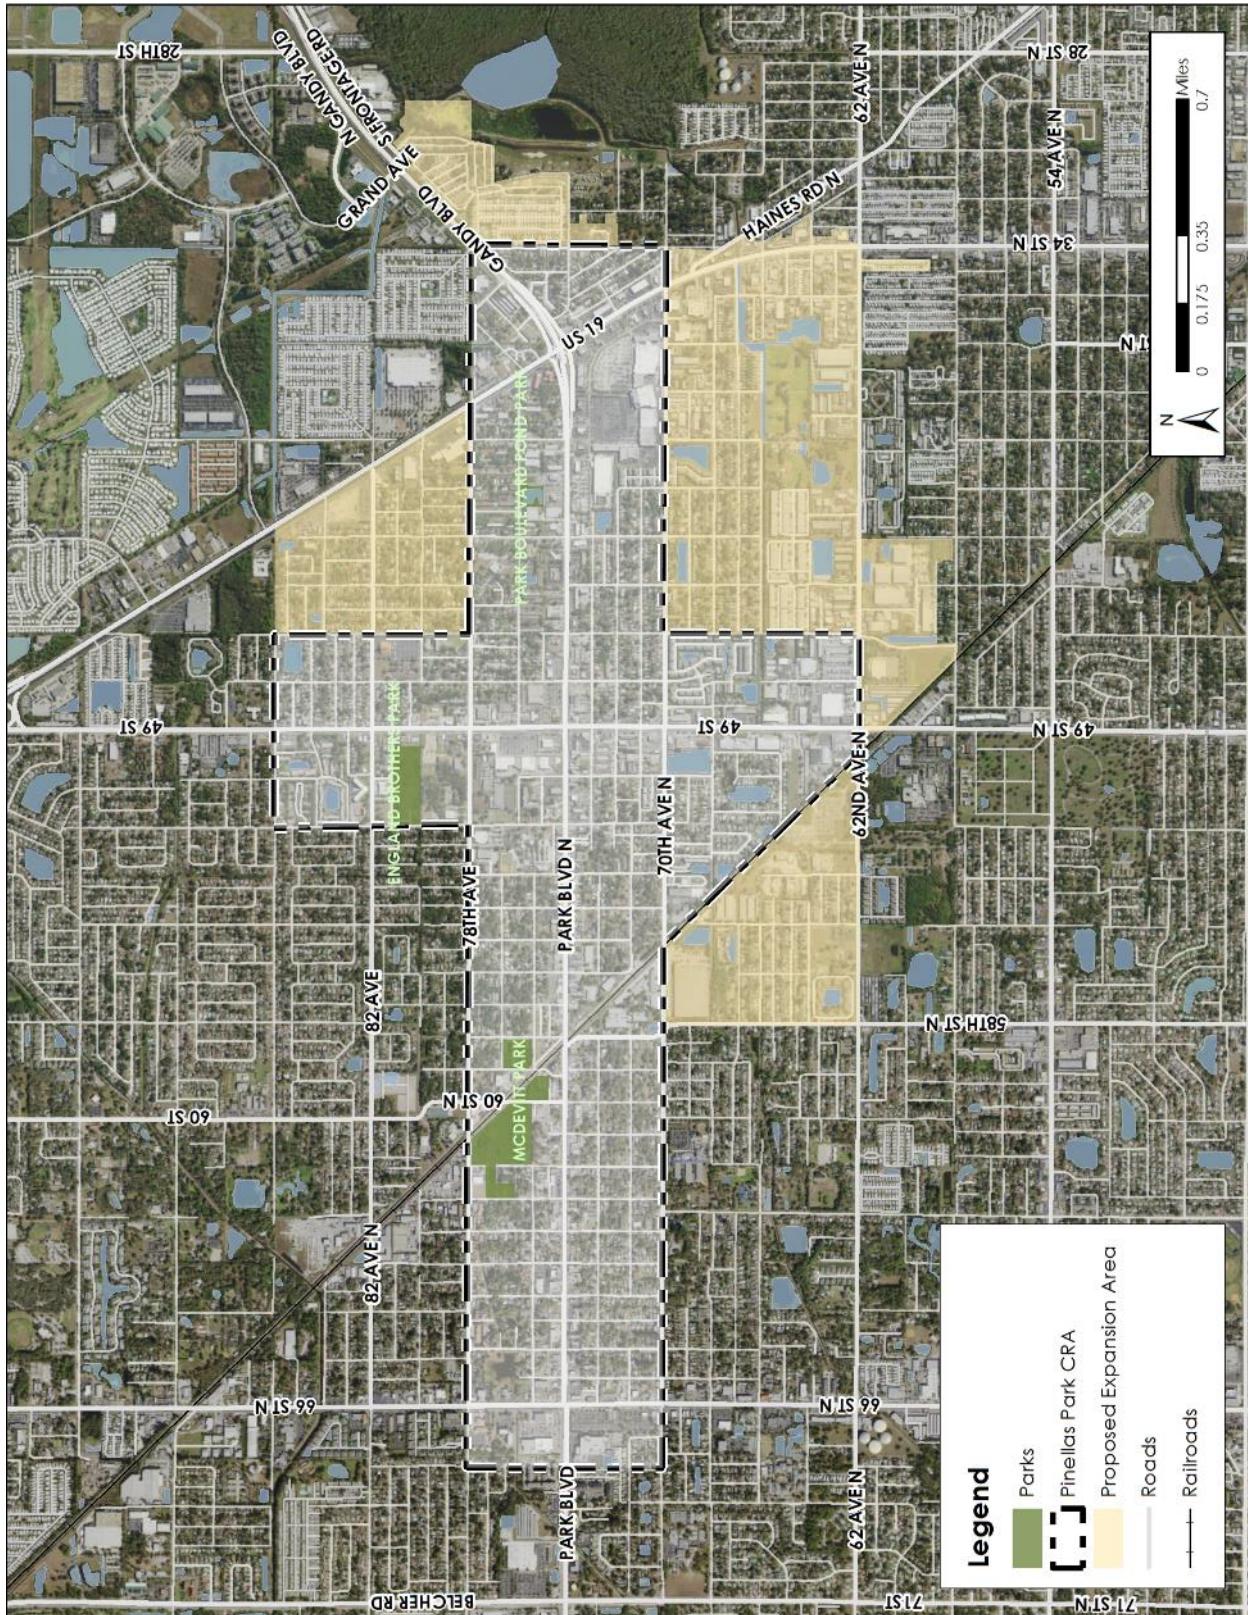

Map I depicts the proposed expansion area boundaries, as well as the existing Pinellas Park Community Redevelopment Area boundaries. The geographic area of the existing Redevelopment Area is approximately 1,733 acres including rights-of-way. The proposed expansion area will increase the size of the Pinellas Park Redevelopment Area to approximately 2,481 acres, including rights-of-way (or approximately 23% of the City’s 10,585 acres).

The analysis contained in this report will focus on the land-based resources of the Study Area and their ability to generate economic return and local tax revenues. As a general matter, land-based resources that are **in a state of physical decline, are underutilized, or are improperly deployed may significantly limit a local jurisdiction's ability to remain competitive** in a larger economic context and may in the long term negatively affect the jurisdiction’s overall financial condition and the level of services it can provide its residents, businesses, and visitors.

Local governments that are highly dependent upon ad-valorem tax revenues are the most vulnerable in these situations. Real property assets that are physically or functionally deteriorated or that do not meet today’s contemporary development requirements are limited in their ability to generate their full potential (ad-valorem) of taxes. The physical character and utility of these real property assets, along with the services required to sustain them, are key factors in determining a community’s economic health.

This analysis utilizes 2008-2017 tax roll data supplied by the Pinellas County Property Appraiser, City of Pinellas Park staff-supplied data, on-site visual inspections and site visits to properties within the Study Area.

IV. Pinellas Park Historical Perspective

The history of Pinellas Park dates back to 1911 when Frank Allston Davis, a Philadelphia publisher, purchased 12,800 acres of land from Hamilton Disston and founded Pinellas Park. Davis had traveled to the area in 1890 and felt improvement in his muscular rheumatism and advertised for Florida in one of his journals. He later formed a company called the Florida Association and, in conjunction with his brother and P. J. McDevitt, produced brochures to attract northerners, mainly from Pennsylvania and Ohio, to Pinellas Park touting the pleasant climate and superior agricultural conditions of the area, especially for sugar cane. One brochure referred to Pinellas Park as the "Wonder City" for its "marvelous growth." McDevitt set up a land office, loan agency, first drainage district, and financed the first Catholic Church in Pinellas Park. He became the first mayor of the city. The Florida Association offered a free lot in the city for the purchase of 10 acres of nearby farmland, resulting in 111 farm sales from 1910 to 1912.

By 1912, there were 50 families living in Pinellas Park. This was a busy year: Colonel O.N. Byers opened a well-stocked general store which also functioned as the town's post office; Pinellas Park proudly showed off its very own railroad station, a bus line was formed, and a Methodist church was built. Shortly after, two more churches were built (Presbyterian Church and Sacred Heart), and the city fire and police forces were organized. The City was officially incorporated on October 14, 1914.

32nd. Street at 8th. Avenue - 1969 address: 7625 & 7645 60th. Street 37.11

According to the *Community Information Package*, prepared by the City of Pinellas Park in 2015, there were three key elements that allowed the newly formed Pinellas Park to prosper.

- The Tampa & Gulf Coast Railroad (subsequently Seaboard Coast Line, Atlantic Coast Line and CSX), which included a Pinellas Park station, established access to the new town in 1914;
- The 1916 construction of the Cross Bayou Canal and related work of the Pinellas Park Drainage District drained the swamps, allowing farming and later development to take place; and
- The implementation of the 1923 County Roadway System Plan which resulted in Pinellas Park being the crossroads of Pinellas County.

The residents enjoyed the prosperity of the town in the early 20th century, until the effects of the Great Depression started to make their way to this part of the country. Many Pinellas Park residents sought employment elsewhere, leaving only a few hundred residents in the city by 1935. After World War II, the Town began prospering again and the population grew to about 2,000 by 1950. The Florida Legislature designated the Town of Pinellas Park as a City in 1959. The small agricultural community of Pinellas Park grew in response to commercial development along its major roadways and the growth of St. Petersburg to the south. Growth of the City continued, facilitated by its prime location and abundance of industrial property. The city has also expanded its boundaries, through voluntary annexation, from 7.41 square miles in 1950 to 16.56 square miles in 2018. The 104-year old Wonder City is now the fourth largest city in Pinellas County.

V. Study Area Conditions Observed

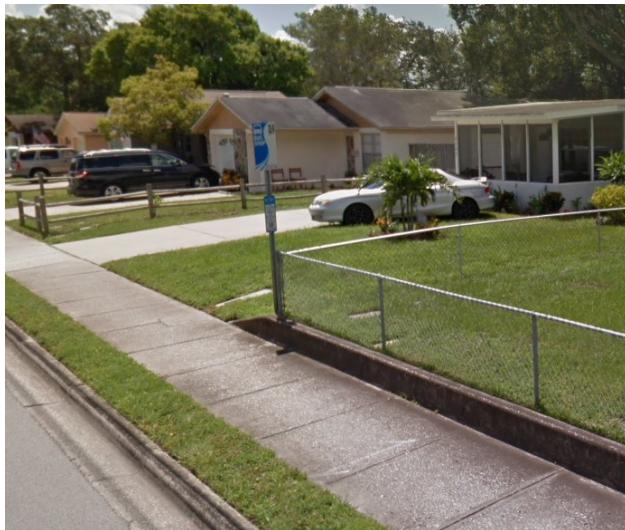

The following section of the report provides a brief description of the conditions observed within the study area. Discussions with City and CRA Staff, and evaluation of relevant historical data, corroborated the observed conditions.

The area is characterized by a mix of mostly residential and light-industrial uses. Conditions of blight observed, through the field survey, within the proposed expansion area are: inadequate transportation facilities (limited transit infrastructure at residential stops, lack of sidewalks and sidewalk connectivity), very few residential/industrial areas with curb and gutter; predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation; unsanitary or unsafe conditions (lack of sidewalks, illegal dumping, inadequate stormwater facilities); deterioration of site or other improvements (faulty sidewalks, boarded-up houses, declining commercial structures). These conditions are documented on the following pages in a series of photos.

The predominance of defective or inadequate sidewalks, parking facilities, roadways, or public transportation facilities are indicative of a lack of public investment over multiple years. While recent streetscaping projects have initiated incremental improvements, a perceived lack of public investment in the public realm addressing transportation facilities' shortcomings discourages private sector investment and limits development within affected areas. Reduced private sector investment over a multiple year period, within the affected areas results in stagnating or decreasing property values, reduced economic activity, and a deterioration of existing private sector development.

The health and safety of residents is jeopardized by a lack of suitable pedestrian and cycling facilities which has made Pinellas County the “Most Dangerous Place to Bicycle in America” according to an article published by The Wall Street Journal in September 2018.

Inadequate Transportation Facilities

Transit stop with limited amenities

Lack of sidewalks & no curb and gutter

No bicycle facilities

Unsanitary or Unsafe Conditions: Dumping

PINELLAS PARK CRA EXPANSION

Unsanitary or Unsafe Conditions: Standing Water & Inadequate Stormwater and Drainage

PINELLAS PARK CRA EXPANSION

Deterioration of Site or Other Improvements: Commercial & Residential Deterioration

PINELLAS PARK CRA EXPANSION

VI. Existing Conditions Analysis

This section of the report further documents the existing conditions within the overall proposed Pinellas Park CRA Expansion Area, including the condition of existing development, land uses, lot layout and parcel values, site deterioration, unsafe conditions of housing, transportation facilities, real estate development activity, diversity of ownership, and fire and emergency calls for service that could influence development or utilization of the community's land-based resources.

A. Land Use

The 1,336 parcels identified within the Study Area are home to a range of land uses and include a total of 11 future land use categories and 13 zoning districts, within the City of Pinellas Park.

I. Existing Land Use

The predominant land use within the Study Area, based on total acreage, is single family, covering approximately 218 acres. Most of them are in platted subdivisions, except for a mobile home park (+/-18 acres) and an RV park site (+/-30 acres) on the south side of Gandy Boulevard, east of US 19, and a smaller mobile home site between 64th and 65th Avenue North, east of 35th Street North. Single-family residential is also the most common use by parcel, with a count of 1,035 parcels, approximately 77% of all parcels in the Study Area. The next largest existing land use is manufacturing/ warehouse, comprising about 105 acres (30% of the total area). These sites are mostly located along 62nd Avenue North and the railroad, with a few small sites along 70th Avenue North near US 19. Commercial uses comprise less than a tenth of the total acreage of the study area (8%) and are mostly located along US 19. Office land use comprises only 8 parcels (1% of the total acreage). Approximately 4% of the total acreage is currently vacant.

Map 2 displays the existing land uses in the proposed expansion area. **Table I** presents the existing land use distribution.

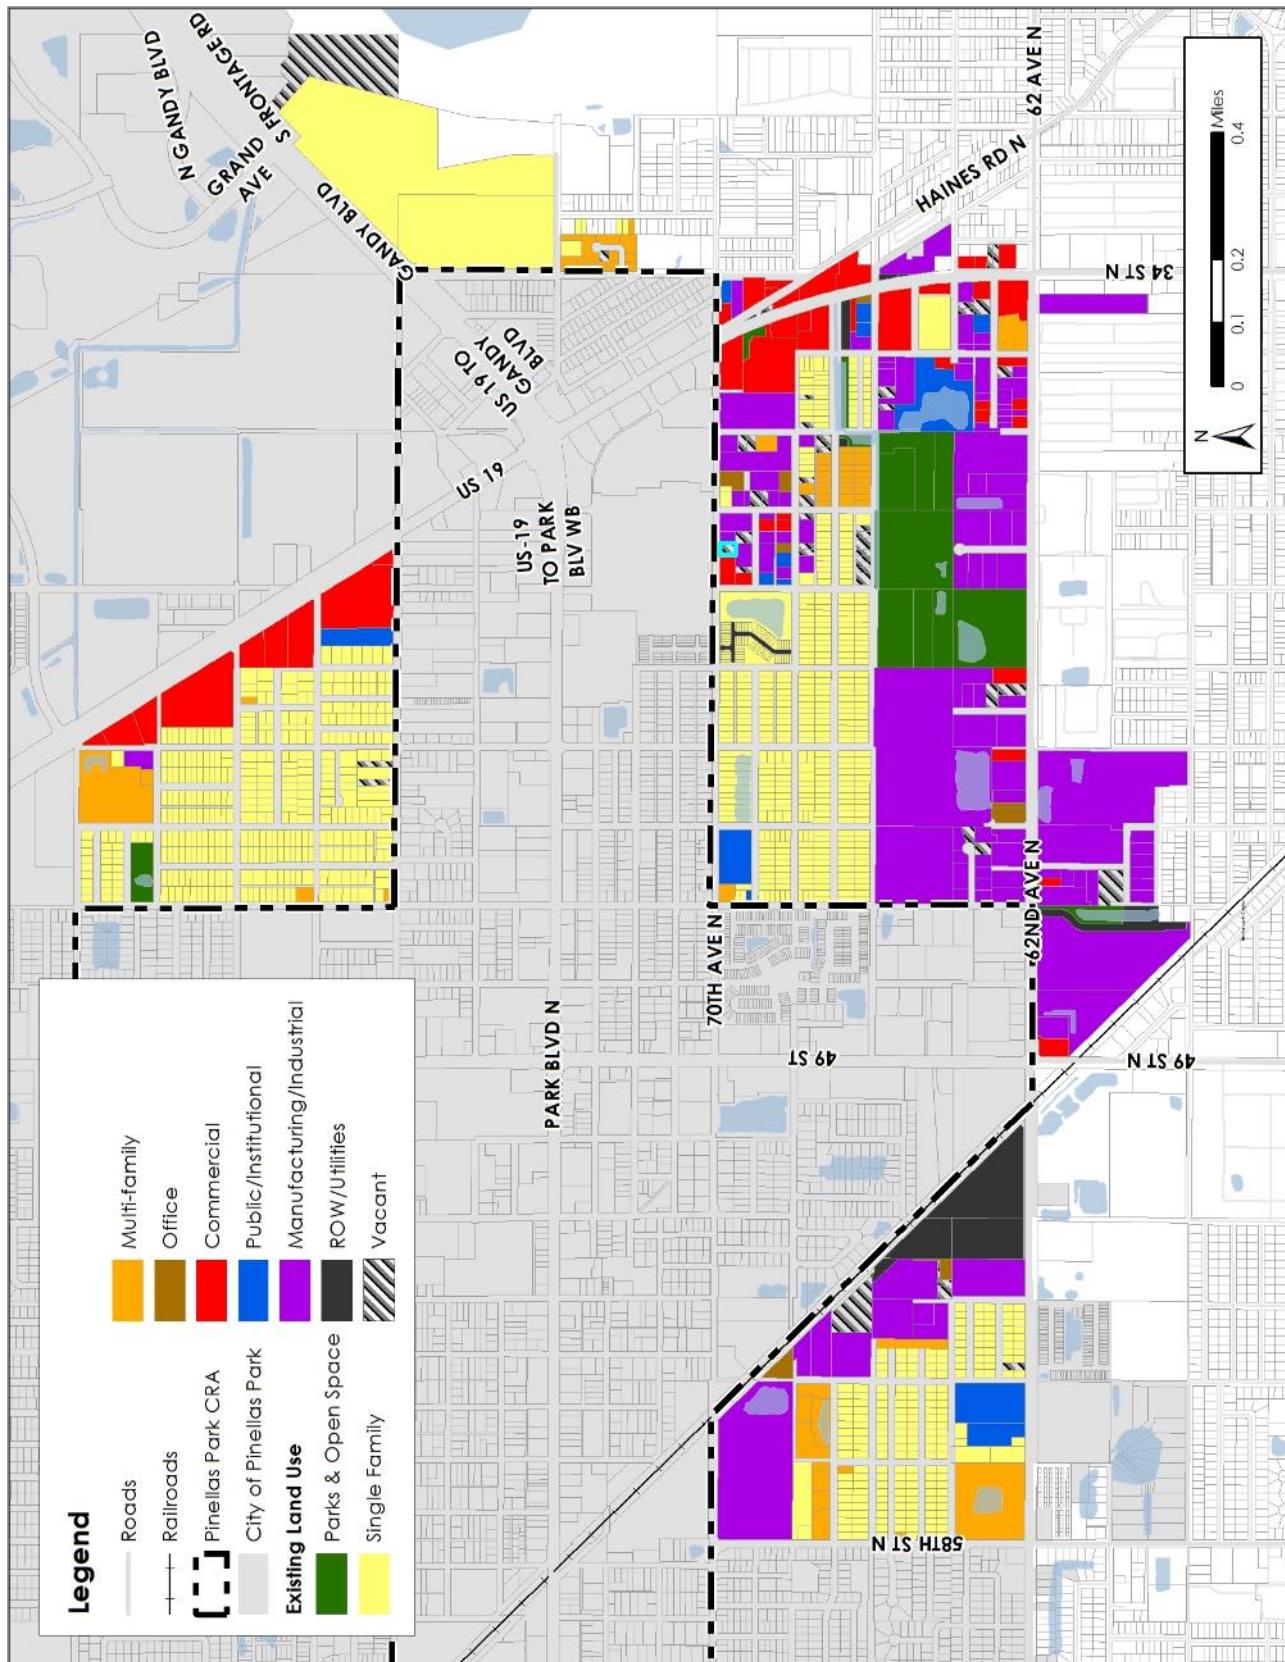

Table I: Existing Land Use

ELU	Parcel Count	Acreage	Percent of Total Area
Parks & Open Space	13	43.8	7%
Single Family	1,035	217.9	37%
Multi-Family	57	35.0	6%
Office	8	3.8	1%
Public/Institutional	13	20.5	3%
Commercial	44	49.4	8%
Manufacturing/Warehouse	105	179.9	30%
Vacant	50	23.8	4%
ROW/Utilities	11	20.5	3%
Total	1,336	594.7	100%

PINELLAS PARK CRA EXPANSION

Map 2: Existing Land Use Map (Expansion Area)

Sources: Pinellas County Property Appraiser's Office, 2017; S&ME; 2018.

2. Future Land Use

The Future Land Use Map closely reflects the existing land use map conditions, except that Industrial Limited, which comprises 197 acres (31%), becomes the predominant future land use category in the study area. The next largest future land use categories are Residential Urban with 173 acres (28%) and Commercial General with 66 acres (10%). Residential Low comprises just 0.8 acres and Institutional 1.4 acres.

Map 3 displays the future land use categories in the Study Area. **Table 2** presents the distribution of the future land use categories. The total acreage for the study area shown in Table 2 does not match the acreage shown for the existing land use (previous section) due to the mapping methodologies used. The existing land use map is parcel-based (each parcel is assigned a use), whereas the future land use map is created with polygons (covering in many instances rights-of-way and natural features, and slightly overlapping categories).

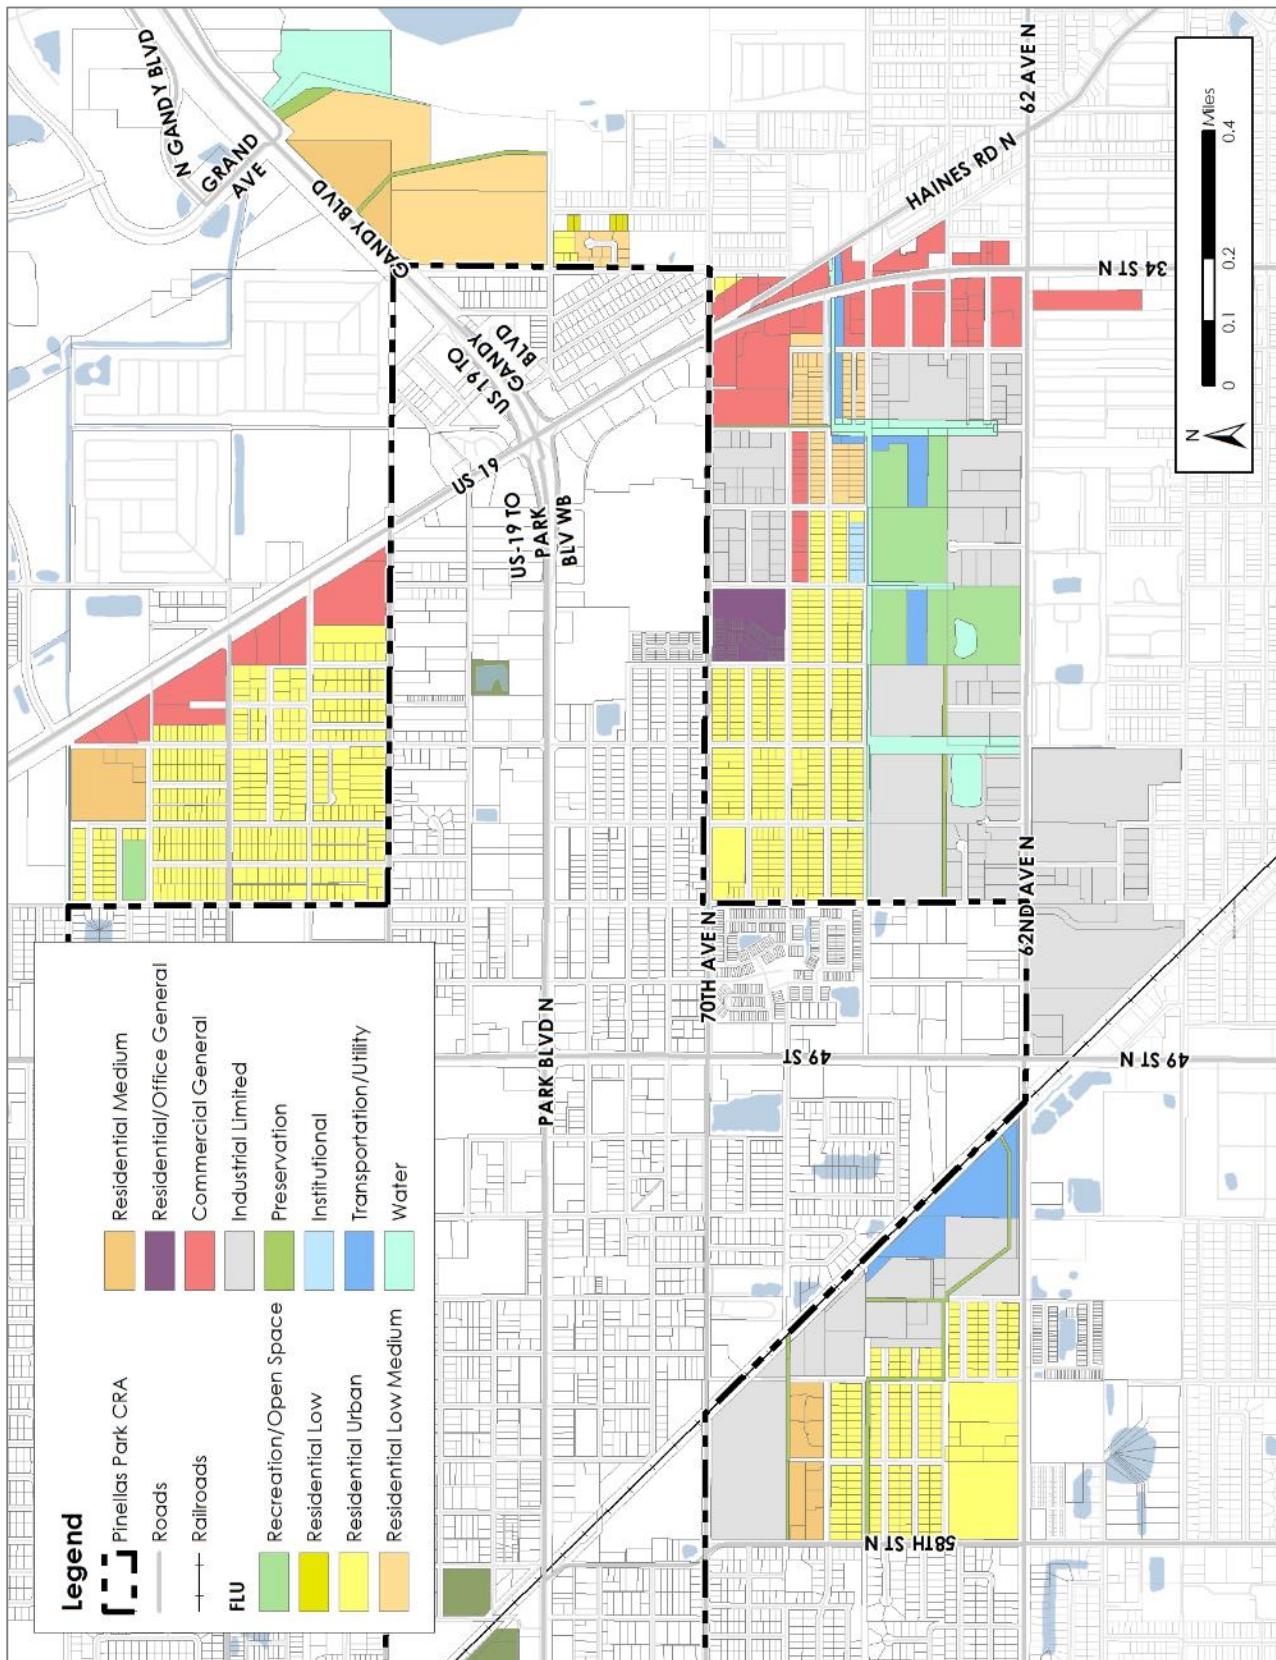

Table 2: Future Land Use Categories

FLU	Acreage	Percentage of Total
Commercial General	65.7	10%
Industrial Limited (LI)	196.8	31%
Institutional	1.4	0%
Preservation	23.4	4%
Recreation/Open Space	32.7	5%
Residential Low (RL)	0.8	0%
Residential Low Medium (RLM)	49.9	8%
Residential Medium (RM)	25.4	4%
Residential Urban (RU)	172.8	28%
Residential/Office General (R/OG)	8.3	1%
Transportation/Utility	19.8	3%
Water	30.0	5%
Total (excluding public ROW)	626.9	100%

PINELLAS PARK CRA EXPANSION

Map 3: Future Land Use Map (Expansion Area)

Sources: Pinellas County GIS Data, 2018; S&ME; 2018.

3. Zoning

Similar to Future Land Use, the predominant zoning districts within the Study Area, based on total size, are Light Industrial (M-I) and Single-Family Residential (R-I), covering approximately 216 acres and 158 acres, respectively. The next two predominant zoning districts are General Commercial (B-I) and Public (P), followed closely by Mobile Home Park (T-2).

The primary purpose of the M-I district is to allow the development and maintenance of a light industrial environment, which does not create hazardous or other serious detrimental effects upon the public health in the surrounding areas. This district is intended primarily for a wide variety of industrial uses and compatible retail, wholesale, distributing operations, and in limited situations, single and multi-family dwellings with accessory uses and public facilities. The R-I district was established to identify and stabilize those areas within the City that are already platted or developed for urban low density and low medium density, single-family residential use.

Table 3 presents the zoning district distributions. **Table 4** summarizes the regulations and standards for the predominant zoning districts – M-I, R-I and B-I.

Map 4 displays the zoning districts in the Study Area.

Table 3: Zoning Districts

Zoning Districts	Acreage	Percentage of Total
General Commercial (B-I)	54.9	9%
Heavy Commercial (CH)	18.4	3%
Light Industrial (M-I)	216.4	36%
Open Space (O/S)	2.2	0%
Public (P)	49.6	8%
Single Family Residential (R-I)	158.0	27%
Single Family Residential (R-3)	4.2	1%
Duplex Residential (R-4)	9.9	2%
Multifamily Residential (R-5)	9.0	2%
Multifamily Residential/ Commercial (R-6)	8.3	1%
Residential Planned Development (RPUD)	8.6	1%
Mobile Home Subdivision (T-I)	6.2	1%
Mobile Home Park (T-2)	48.8	8%
Grand Total	594.6	100%

Sources: Pinellas County Property Appraiser's Office; S&ME; 2018.

Table 4: Development Regulations and Standards

	R-1	M-I	B-1
Uses Allowed (generalized sample)	Single family, community residential homes, day care centers, schools. Low impact office, places of worship, recreation, shelter homes, & utilities. *	Light industrial (light manufacturing, warehousing), commercial (retail and restaurant, automobile repair, outdoor storage), places of worship, personal services, public uses and utilities. Adult entertainment, heavy truck repair, homeless shelters, hotels/motels, kennels, recreation, trade schools, taverns and lodges. *	Commercial (retail, minor auto repair, restaurants), personal services, office, medical/dental labs, hotels/motels, community residential homes, residential. Auto dealerships, auto repair, vet clinics, colleges, hospitals, drive-through facilities, crematories, outdoor amusement, utilities. *
Floor Area Ratio (FAR)	0.30 RU, 0.40 RLM, 0.35 CRD	0.55	0.45 CG and CRD,
Maximum Density	7.2 units per acre	NA	
Lot Coverage	Non-residential: 55% in RU, 65% in RLM, 75% in CRD.	75%	75%
Maximum Height	35 ft.	40 ft.	40 ft. **

PINELLAS PARK CRA EXPANSION

Map 4: Zoning Map (Expansion Area)

Sources: City of Pinellas Park GIS, 2018; S&ME; 2018.

B. Transportation Facilities

I. Major Corridors

Major corridors adjacent to, or bisecting the proposed expansion area include Gandy Blvd, US 19, 34th St, and 62 Ave.

2. Pedestrian Accommodations

The expansion area lacks pedestrian friendly accommodations. Most streets do not have sidewalks; when sidewalks are present, they tend to abut, or be dangerously close to the street. Existing sidewalks are narrow, and utility poles are frequently present within the sidewalk. Very few crosswalks are present, limiting safe bicycle and pedestrian crossing opportunities.

3. Bicycle Facilities

There are no dedicated bicycle lanes provided within the proposed expansion area.

4. Transit Services

Transit in Pinellas Park is run by the Pinellas Suncoast Transit Authority. The Pinellas Park Transit Center, located at the Shoppes at Park Place, is the hub for five (5) bus routes which operate in the existing CRA or the proposed expansion area. All of the routes operate on Saturdays and Sundays, but transit service along some of these routes does not run past 7 PM. There is no transit service along 62nd Avenue within the proposed FON area. However, service extends along 49 Street, US 19, and Gandy Boulevard, serving the expansion area.

Source: Pinellas Suncoast Transit Authority, 2018.

VII. “Slum Area” Conditions

A. *Inadequate provision for ventilation, light, air, sanitation, or open spaces.*

Condition Observed.

Metric: Illegal Dumping

Illegal dumping can be a byproduct of a lack of accessible sanitation facilities. Illegal dumping was documented in Section VI, Study Area Conditions Observed.

Metric: Standing Stormwater

The risks associated with standing stormwater which include:

- creating breeding grounds for mosquitoes which can carry diseases such as Zika and West Nile virus;
- increased risks of infections - bacteria thrive in moist environments which can put household pets at risk if they drink the water;
- attracting vermin which are drawn to watering holes.

Many streets in the expansion area did not have curbs and gutters, leading to large amounts of flooding and pools of standing water documented in **Section VI**, Study Area Conditions Observed.

B. *High density of population, compared to the population density of adjacent areas within the county or municipality; and overcrowding, as indicated by government-maintained statistics or other studies and the requirements of the Florida Building Code.*

Condition Not Observed.

The expansion area is not considered to have a high population density.

C. *The existence of conditions that endanger life or property by fire or other causes.*

Condition Not Observed.

The field assessment of the expansion area did not reveal conditions that endanger life or property by fire.

VIII. “Blight Area” Conditions

- A. **Predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation facilities.**

Condition Observed.

Metric: Lot Accessibility

During field visits to the expansion Study Area the lack of uniform accessibility to lots and buildings was identified. **The most frequently observed condition was a lack of sidewalks, poor roadway connectivity, and limited crosswalks.** Also observed was a lack of properly constructed driveways and unpaved alleys. In the northern portion of the expansion area, east-west connections to US 19 were limited as some residential streets were closed off.

In the southern portion of the expansion area, the presence of canals throughout limits north-south roadway connections.

Limited east-west connections

Limited north-south connections

- B. **Aggregate assessed values of real property in the area for ad valorem tax purposes have failed to show any appreciable increase over the 5 years prior to the finding of such conditions.**

Condition Partially Observed.

Metric: Lot Value

2017 Tax Assessments by the Pinellas County Property Appraiser show that **the average median assessed value of single family residential parcels within the proposed CRA expansion area were significantly lower than the median assessed values of the City of Pinellas Park and Pinellas County.** The 2017 median residential taxable value in the expansion area was \$117,834. The median assessed value for single family within the expansion area was \$87,851. The 2017 median single-family residential assessed value in the City of Pinellas Park was \$96,482 and it was \$171,070 in Pinellas County. This disparity in property values is also reflective of a comparative underutilization and lower level of investment for the parcels within the proposed CRA expansion area when compared to Pinellas Park and Pinellas County. Underutilized parcels with lower development values can have a deleterious effect on the timely development of adjacent similarly low valued parcels.

Table 5 compares the historic changes in taxable values for the parcels located within the CRA Expansion Study Area, the City Pinellas Park, and Pinellas County. **In the past seven (7) years from 2010 to 2017, the taxable values of the parcels within the Study Area have increased 36.03%, while the taxable values of the parcels within Pinellas Park and Pinellas County have increased by 32.42% and 39.69%, respectively.**

Table 5: 2010-2017 Comparative Changes in Just Values

	2010 Taxable Values	2017 Taxable Values	% Change
Proposed Expansion Area	\$172,243,348	\$234,309,488	36.03%
Existing Pinellas Park CRA	\$368,720,211	\$492,140,174	33.47%
City of Pinellas Park	\$2,360,173,969	\$3,125,420,114	32.42%
Pinellas County	\$53,452,317,875	\$74,667,848,546	39.69%

Source: Pinellas County Property Appraiser, 2010 & 2018.

Map 5 shows the taxable value of parcels within the expansion area.

PINELLAS PARK CRA EXPANSION

Map 5: Parcel Taxable Values (Expansion Area)

Sources: Pinellas County Property Appraiser, 2017 Tax Rolls; S&ME, 2018.

C. **Faulty lot layout in relation to size, adequacy, accessibility, or usefulness.**

Condition Observed.

Metric: Lot Size

Faulty lot layout can have a tremendous impact on the value of property. If lot sizes do not meet zoning requirements, or do not meet standards for the current demands of the market, they will require aggregation in order to be economically viable for appropriate development. If commercial parcels are not adequately accessible and/or will not accommodate off-street parking on-site or in close proximity, they lose marketable value. Additionally, in older areas of the city, it is common for properties to be owned by estates or to be caught in the uncertainty of probate proceedings, which can significantly affect parcel aggregation.

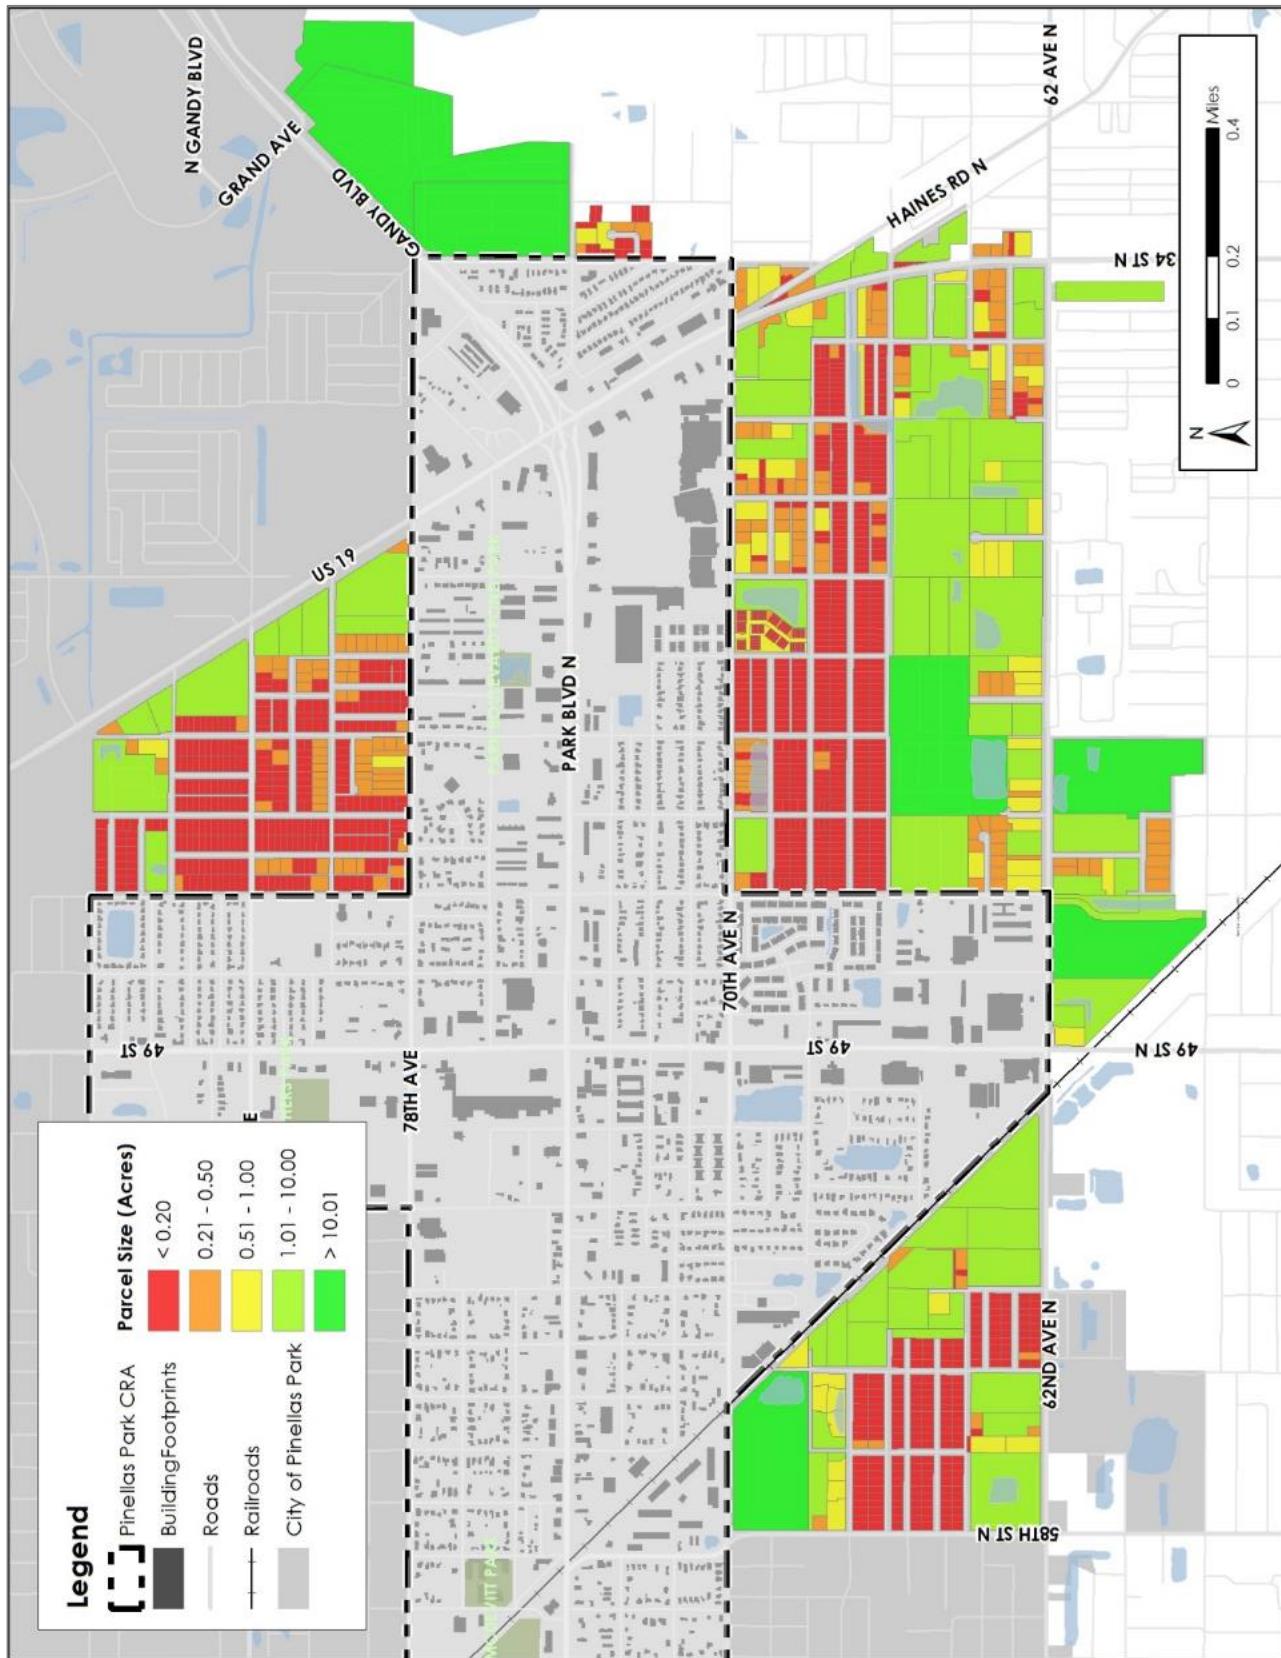

The parcels located within the CRA expansion area range in size from very small to several large parcels. The parcels in the expansion area are sized as follows:

- 7 parcels are greater than ten (10) acres (less than 1% of the total parcels)
- 52 parcels are greater than two (2) acres (3% of the total parcels)
- 1,258 parcels are less than one (1) acre (94% of the total parcels)
- 1,211 parcels are less than $\frac{1}{2}$ of an acre in size (90% of the total parcels)
- 1,036 parcels are less than $\frac{1}{5}$ of an acre in size (77% of the total parcels)

Parcels that are very small are frequently too small to redevelop individually and hinder the economic vitality and development potential of an area. **Map 6**, on the following page, shows the parcel sizes within the expansion area. The large proportion of small to very small lot sizes limits the redevelopment options that may be accommodated on these sites, without lot assembly.

PINELLAS PARK CRA EXPANSION

Map 6: Parcel Lots Sizes in Square Feet (Expansion Area)

Sources: Pinellas County Property Appraiser, 2017; S&ME, 2018.

D. *Unsanitary or unsafe conditions.*

Condition Observed.

Metric: Visual Inspection

An on-site, field survey identified unsanitary and unsafe conditions within the expansion area. Deteriorating structures, flooded streets, limited pedestrian/bike/transit facilities and illegal dumping were identified and catalogued in *Section VI, Study Area Conditions Observed*.

E. *Deterioration of site or other improvements.*

Condition Observed.

Metric: Age of Housing Stock

Although age of a structure, per se, is not considered a blight indicator, the effects of age, when coupled with deficient maintenance, can result in deteriorated and dilapidated structures in the long term. As a general rule, buildings require increased maintenance as they reach twenty or thirty years of age.

Probable unsafe housing conditions were observed at multiple locations during an on-site, field survey of the CRA expansion area; however, confirmation of the presence of unsafe conditions would require a more detailed inspection of the interior of the buildings.

Based upon the review of the Pinellas County Property Appraiser data, there are 1,062 residential structures in the proposed expansion area (excluding mobile homes). The median year built of these structures is 1970. Approximately 570 of these structures were built before 1970, or approximately 53% of all residential structures in the Study Area. It is anticipated that these structures will need significant modification and improvements to be brought up to current building code standards. See **Map 7**, on the following page, which depicts the age of residential structures.

Metric: Site Deterioration

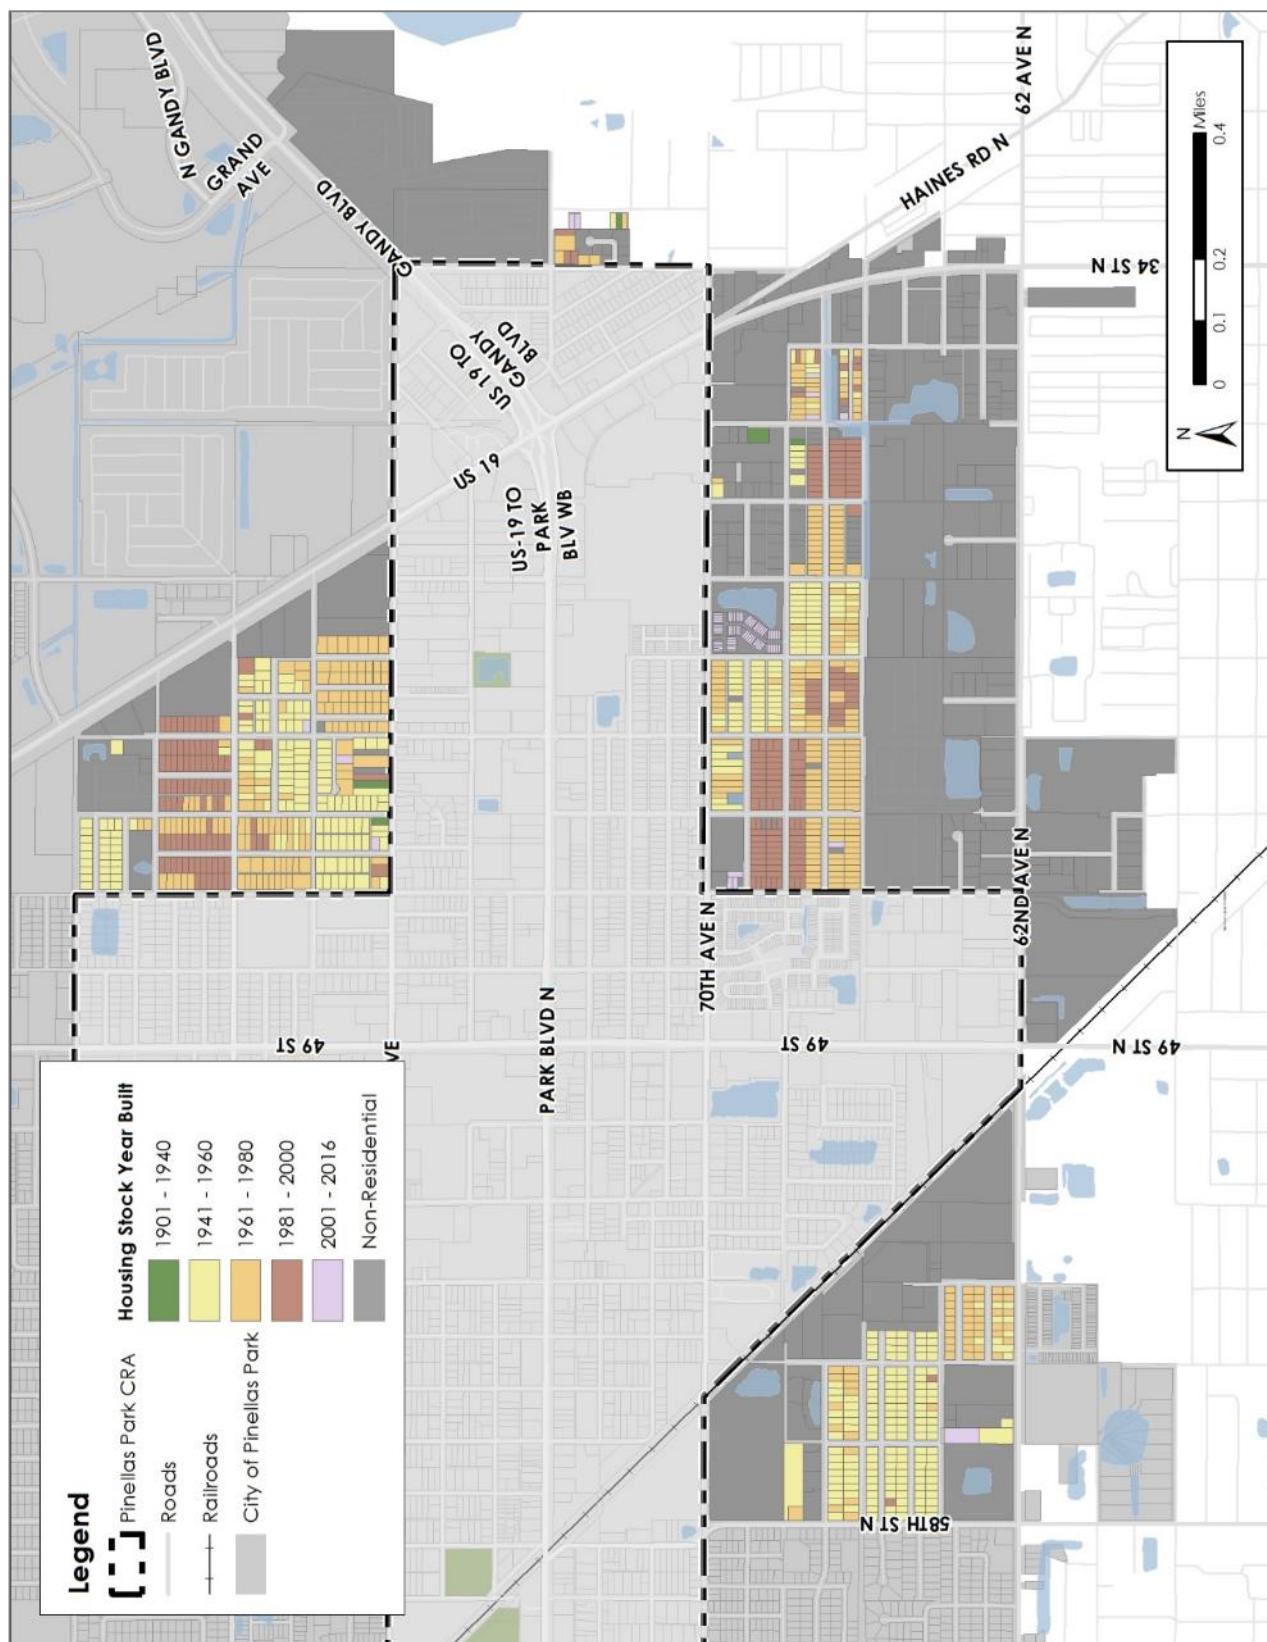

An on-site, field survey identified multiple deteriorated structures. A structure was categorized “deteriorated” if it appeared to have moderate to severe structural problems that, if not repaired within a few years, would degenerate to the point where the structure may be deemed uninhabitable. The presence and continued utilization of the deteriorating structures is an indicator of blight conditions and discourages private investment and economic utilization of the affected parcels. See **Section VI, Study Area Conditions Observed**, for photographs depicting site and structure deterioration.

F. *Inadequate and outdated building density patterns.*

Condition Suspected.

The proposed expansion area includes a mixture of mobile home parks, single-family homes, commercial, and industrial land. The expansion area has nearly 50 acres of mobile home parks. Counties and cities throughout Florida have enacted moratoriums on mobile home developments due to safety concerns with inclement weather events.

Map 7: Age of Structures (Expansion Area)

Sources: Pinellas County Property Appraiser, 2017; S&ME, 2018.

- G. **Falling lease rates per square foot of office, commercial, or industrial space compared to the remainder of the county or municipality.**

Condition Not Observed.

The City has not observed falling lease rates per square foot in the proposed expansion area and the data is not readily available.

- H. **Tax or special assessment delinquency exceeding the fair value of the land.**

Condition Not Observed.

The Tax Rolls from the Pinellas County Property Appraiser did not show parcels within the expansion area with tax or special assessment delinquency exceeding the fair value of the land.

- I. **Residential and commercial vacancy rates higher in the area than in the remainder of the county or municipality.**

Condition Not Observed.

The City has not observed higher vacancy rates in the proposed expansion area.

- J. **Incidence of crime in the area higher than in the remainder of the county or municipality.**

Condition Observed.

Metric: Calls for service per acre

Table 6 shows the Police calls-for-service for the City of Pinellas Park and the proposed expansion area. The City received 102,415 calls citywide between October 1, 2017 and October 1, 2018, and 8,621 of those were from the expansion area. In order to compare the number of calls between the two areas, the number of calls were divided by the total acreage for each area to obtain the calls per acre metric. The proposed expansion area had nearly 2 calls per acre more than the City.

Table 6: Police Calls-for-Service

Area	Total Calls	Acres	Calls per Acre
Pinellas Park	102,415	10,585	9.67
FON Study Area	8,621	748	11.5

Source: Pinellas Park Police Department, Calls for Service Oct. 1, 2017- Oct. 1, 2018

- K. **Fire and emergency medical service calls to the area proportionately higher than in the remainder of the county or municipality.**

Condition Observed.

Metric: Emergency calls for service as documented by vehicular crash records can be an indicator of “blight-area” conditions if higher than those recorded in the rest of the municipality.

Table 7 shows the frequency for vehicular crashes within the Study Area is more than twice the frequency for the rest of the City. The calls-for-service to the City of Pinellas Park

Fire/EMS, based on FDOT vehicular crash data for the Study Area, was proportionally higher than calls-for-service for the City as a whole. **Table 7** shows the crashes per acre in the proposed CRA Expansion Area compared to the City of Pinellas Park as a whole. Vehicular crashes within the Study Area is nearly three (3) times the frequency for the rest of the City.

Map 8 shows frequent crash activity occurs throughout 62nd Avenue, at the intersection with 49th Street, all along US 19, along 70the Avenue, and within residential neighborhoods. Traffic calming, increased signalization, mid-block crossings, and improved timing could provide some relief to the frequency of vehicular crashes and calls for emergency services.

Table 7: FDOT Vehicular Crash Count from 2014 to 2018

Area	Total Crashes	Acres	Crashes per Acre
Pinellas Park	3,585	10,585	0.34
FON Study Area	646	748	0.86

Source: FDOT, Vehicle Crash Data, 2014 - 2018.

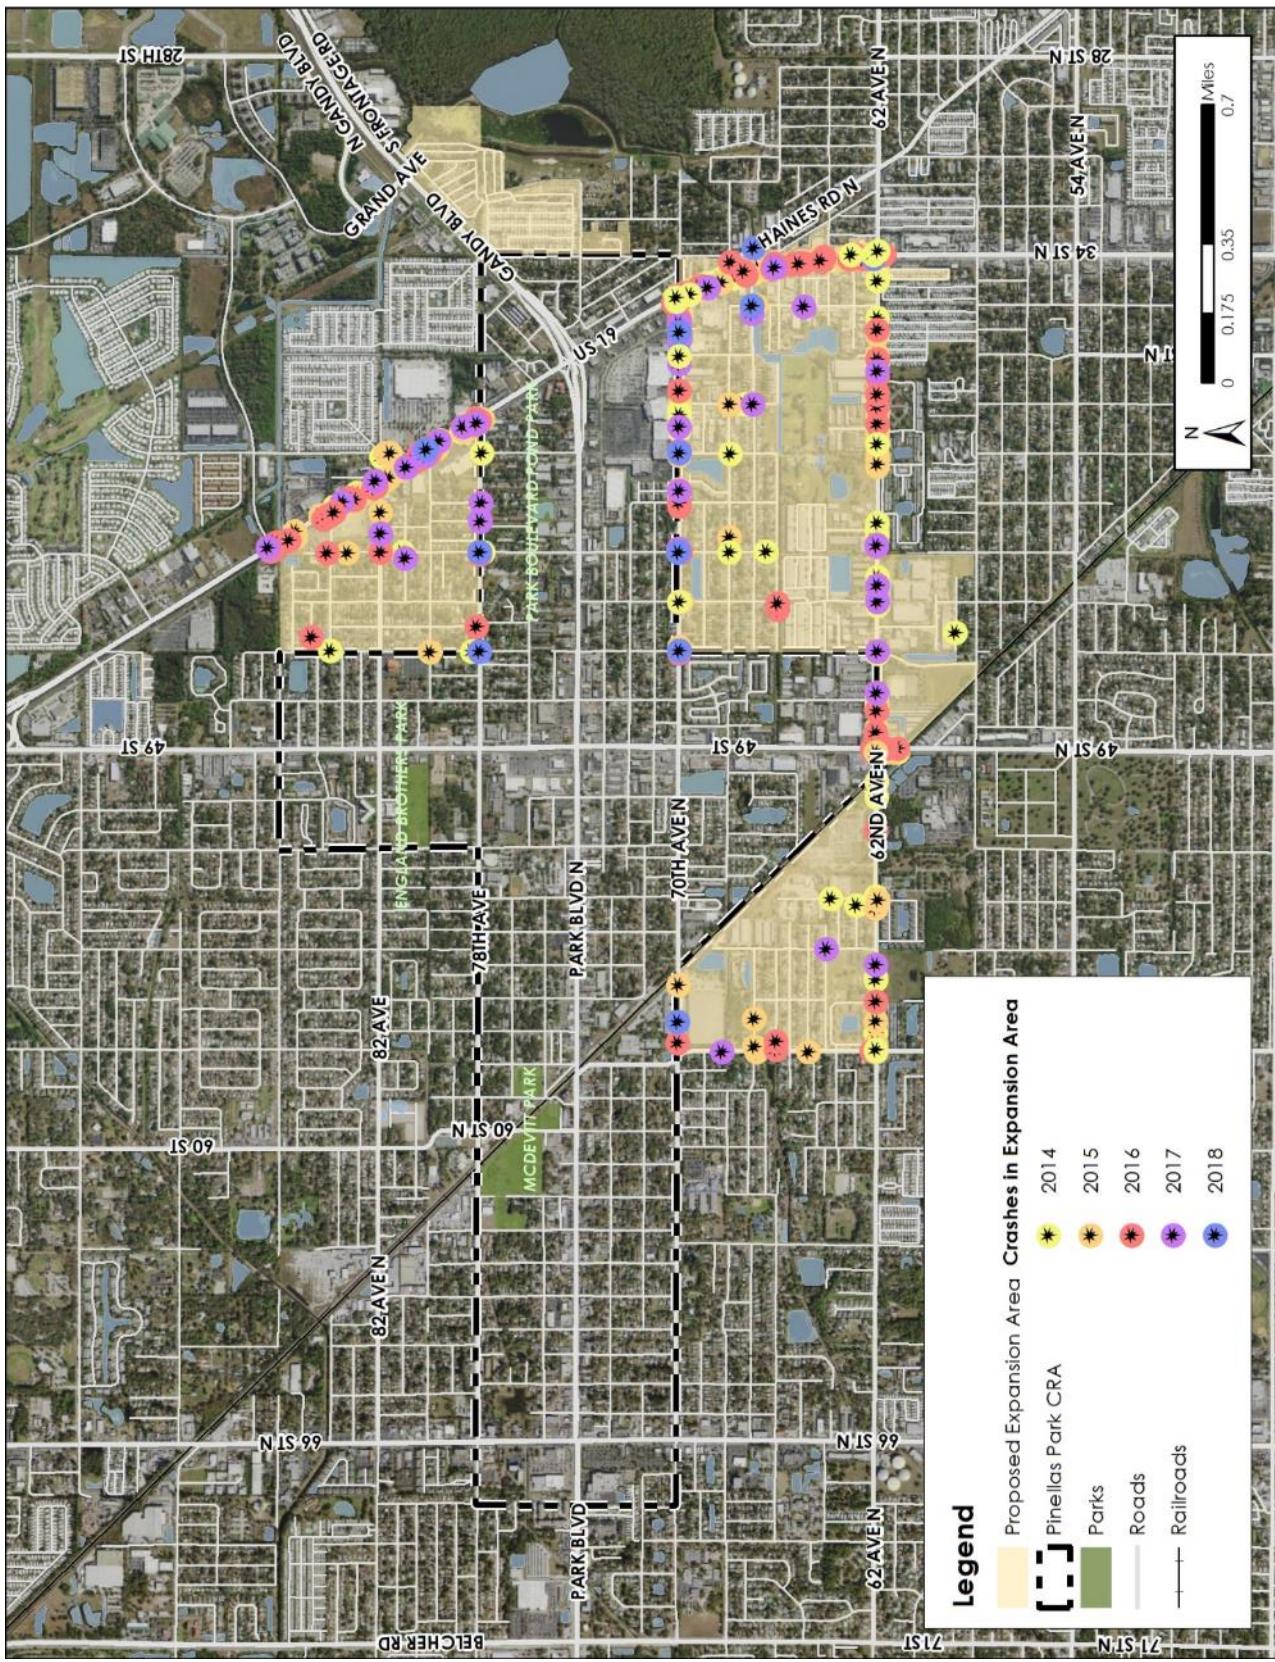

- L. **A greater number of violations of the Florida Building Code in the area than the number of violations recorded in the remainder of the county or municipality.**

Condition Suspected.

Based on the observed physical conditions of numerous structures within the study area, this condition is suspected.

PINELLAS PARK CRA EXPANSION

Map 8: FDOT Crash Data 2014-2018 (Expansion Area)

Sources: FDOT, 2018; S&ME, 2018.

M. **Diversity of ownership or defective or unusual conditions of title which prevent the free alienability of land within the deteriorated or hazardous area.**

Condition Observed.

Metric: Homeownership and Homestead Rates

Many problems may stem from the presence of transient rental properties. As the term suggests, these transient rental-housing properties offer short-term rental housing but no neighborhood stability or focus. **Of the 1,261 residential properties eligible for homestead** (this number exceeds the 1,092 residential parcels number presented in **Table I** given that there are condominiums with individual ownership which are co-located one residential parcel), **774 or sixty-one percent (61%) are homestead properties (owner-occupied).** **This number is lower than the 64.5% homeownership rate nation-wide.** The remainder thirty-nine percent (39%) are renter occupied or transient properties, see **Map 9.**

Areas in need of redevelopment are often further disadvantaged by a diversity of ownership on blocks and areas where redevelopment is desired. Often, individual owners of relatively small parcels of land are unable to realize the maximum development potential of the individual parcel due to the parcel's small size. There are 1,336 parcels in the Study Area and 1,209 different owners which translates to over 90% of parcels having different owners. A large number of parcels averaging less than one (1) acre in size and are under individual ownership. The relatively high diversification of ownership makes parcel assemblage more difficult, due to the multiple number of owners/agents involved in transactions and may deter efforts to redevelop the Study Area. Hence, diversity of ownership within the Study Area is partially demonstrated (suspected) as a condition of blight.

Map 9: Homestead Status (Expansion Area)

Sources: Pinellas County Property Appraiser's Office, 2017; S&ME; 2018.

- N. ***Governmentally owned property with adverse environmental conditions caused by a public or private entity.***

Condition Not Observed.

The City does not have governmentally owned property with adverse environmental conditions. There is a designated brownfield area contiguous to the south-east expansion area, but no brownfield sites.

- O. ***A substantial number or percentage of properties damaged by sinkhole activity which have not been adequately repaired or stabilized.***

Condition Not Observed.

The City has not received reports of substantial sinkhole activity in the area.

IX. Summary of Findings

The proposed expansion area is predominately single-family residential (218 acres) and light manufacturing/warehouse (105 acres) and, which total approximately forty-four percent (44%) of the CRA expansion area. A field study and GIS data analysis of the Study Area revealed the following conditions of blight within the CRA expansion Study Area:

- 1) Inadequate provision for ventilation, light, air, sanitation, or open spaces
- 2) Predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation facilities
- 3) Faulty lot layout, in relation to size, adequacy, accessibility, or usefulness
- 4) Unsanitary or unsafe conditions
- 5) Deterioration of site or other improvements
- 6) Incidence of crime in the area higher than in the remainder of the county or municipality
- 7) Fire and emergency medical service calls higher than in the remainder of the municipality
- 8) Diversity of ownership or defective or unusual conditions of title which prevent the free alienability of land within the deteriorated or hazardous area

These observed conditions have had the demonstrated effect over time of discouraging private sector investment in residential, commercial, and industrial taxable values in the area. This lack of private sector investment, deteriorating sites, limited infrastructure, coupled with other observed conditions of blight has had a deleterious effect on the economic development activity and redevelopment activity within Study Area. The documentation of the presence of these conditions within the Study Area qualify the parcels within the Study Area for inclusion within the Pinellas Park Community Redevelopment Area, and the associated expansion of the CRA boundaries to accommodate these parcels.

Table 8: Slum and Blight Conditions Matrix

Florida Statute Reference and Definition		Preliminary Observation of Conditions		
		Observed	Not Observed	Suspected
"Slum Area"				
(a)	Inadequate provision for ventilation, light, air, sanitation, or open spaces.	X		
(b)	High density of population, compared to the population density of adjacent areas within the county or municipality; and overcrowding, as indicated by government-maintained statistics or other studies and the requirements of the Florida Building Code.		X	
(c)	The existence of conditions that endanger life or property by fire or other causes.		X	
"Blight Area"				
(a)	Predominance of defective or inadequate street layout, parking facilities, roadways, bridges, or public transportation facilities.	X		
(b)	Aggregate assessed values of real property in the area for ad valorem tax purposes have failed to show any appreciable increase over the 5 years prior to the finding of such conditions.			X
(c)	Faulty lot layout in relation to size, adequacy, accessibility, or usefulness.	X		
(d)	Unsanitary or unsafe conditions.	X		
(e)	Deterioration of site or other improvements.	X		
(f)	Inadequate and outdated building density patterns.			X
(g)	Falling lease rates per square foot of office, commercial, or industrial space compared to the remainder of the county or municipality.		X	
(h)	Tax or special assessment delinquency exceeding the fair value of the land.		X	
(i)	Residential and commercial vacancy rates higher in the area than in the remainder of the county or municipality.		X	
(j)	Incidence of crime in the area higher than in the remainder of the county or municipality.	X		
(k)	Fire and emergency medical service calls to the area proportionately higher than in the remainder of the county or municipality.	X		
(l)	A greater number of violations of the Florida Building Code in the area than the number of violations recorded in the remainder of the county or municipality.			X
(m)	Diversity of ownership or defective or unusual conditions of title which prevent the free alienability of land within the deteriorated or hazardous area.	X		
(n)	Governmentally owned property with adverse environmental conditions caused by a public or private entity.		X	
(o)	A substantial number or percentage of properties damaged by sinkhole activity which have not been adequately repaired or stabilized.		X	

X. Conclusion of Alternative Tests

Section 163.340, F. S. (7 & 8) presents the three (3) conditions of “Slum Area” and the definitions of fifteen (15) “Blight Conditions” that may be used to determine if an area qualifies for inclusion in a Community Redevelopment Area. To be considered a “slum” or “blighted”, a minimum of two (2) of the eighteen (18) Slum and Blight Area conditions need to be observed within the Pinellas Park Study Area. ***The observance of seven (7) of the fifteen (15) “blight area” conditions and one (1) of the three (3) conditions of a “slum-area” within the Study Area meets the criteria Alternative One method for determination of blight and justifies the inclusion of the Study Area within the existing Pinellas Park Community Redevelopment Area in accordance with, Section 163, Part III, Florida Statutes.***

The information summarized in this report is sufficient for the City of Pinellas Park to acknowledge the described conditions and include the Study Area within an expanded Pinellas Park CRA area through adoption of a resolution that declares the rehabilitation, redevelopment and conservation of the Study Area is in the interest of public health, safety, and welfare.

XI. Legal Description of Expansion Area

(PARTICIPATING TIF-CONTRIBUTING PARCELS)

The following narrative summarizes the parcels contained within the proposed Pinellas Park CRA expansion area and their associated legal descriptions. Taken in total the following narrative comprises the all of the individual parcels' legal descriptions for the proposed expansion area. Please note that this does not constitute an official survey legal description of the proposed expansion area boundaries as may be prepared by a licensed surveyor, but represents a summary of the individual TIF-Contributing participating parcels' legal descriptions as provided by Pinellas County's Property Appraiser's Office and used verbatim.

Parcels contained within the proposed Pinellas Park CRA expansion area are as follows:

Parcel ID	Legal Description
34-30-16-10548-012-0010	BOULEVARD PARK NO. 2 BLK 12, LOTS 1 THRU 12 & S 1/2 OF VAC 65TH AVE N ADJ ON N & N 1/2 OF VAC ALLEY ADJ ON S & VAC W 30 FT OF 40TH ST N ADJ ON E & VAC E 30FT OF 41ST ST N ADJ ON W

- SURVEYOR'S NOTES:**
- This is a Sketch or Description, as defined in chapter 51-17, F.S. 502(6)(a)-(b) of the Florida Administrative Code. The purpose of this sketch is to depict the visual representation of portions of Sections 26 through 30, and Sections 33 through 35, Township 30 South, Range 16 East Pinellas County, Florida.
 - Instruments of record reflecting easements, rights-of-way, and/or ownership were not furnished to this surveyor, except as shown. Lands shown herein were not abstracted for rights-of-way, easements, ownership or other deeds of record.
 - Additions or deletions to survey maps or reports by other than the signing party or parties is prohibited without written consent of the signing party or parties.
 - Bearings shown hereon are based upon the north line of the northwest 1/4 of Section Township 30 South, Range 16 East Pinellas County, Florida being: 89°34'09 E.
 - This sketch and description is intended to be issued as a 5 sheet set. All sheets are invalid without the remainder of the set.
 - THIS IS NOT A BOUNDARY SURVEY***
