expanding the Cross Bay Ferry Service. This is a win-win for the Bay area. Thank or the Bay area. Thank or that you, our elected officials, are willing to vote no and kill any chance at a permanent ferry service between St. Petersburg & Tampa. These are the two major cities in this region, and much of your country revenue comes from St Petersburg. That you would vote no on a permanent, year round cross bay ferry sa a means for transportation between the regions two major cities and economic centers shows a severe lack of foresight and little care for the cities and Wennth James 144 Pompano Dr SE.
