Cross bay i erry	Hello! I am writing to urge you to support the continuation of the cross bay ferry. It appears that the vounty administrator has made an absurdly short-sighted recommendation to end this vital piece of our transportation network. Not only is the ferry a fun way to travel but also a vital way to help alleviate our horrendous traffic situation, not to mention air pollution! The use of the ferry also helps bring more customers to		11720 Niugeview Laile	Settimore	33772	3173010777	DODIOOTHIS@ att.Het	2021-09-17 08.09.21

	Hello, The Cross Bay Ferry is more than "just" another route of transportation. It is an experience for locals and tourists to experience; it's a safe way to see the Tampa Bay from another side other than looking down from a bridge; it's a great way to go around traffic between St Pete and Tampa and experience both cities.

	The Cross Bay Ferry is a valuable connection between Pinellas and Hillsborough counties and provide a fantastic and efficient means of transport that takes cars off the road. It is affordable, safe, and pleasant. As a Pinellas County voter, I strongly encourage you to support this project. Our region is severely lacking in transport options and this is a first step to becoming more competitive with other metros. Thanks for your time.

	Please vote yes to the expansion of the Ferry service. I have come to really enjoy this option. If you have not taken a ride, I suggest you do. It gives a whole new perspective to the eco system and importance to the Bay. It is also refreshing not having to be worried about traffic and parking etc.

	The County Administrator is telling the County Commission to say "No" to you. To say "No" to Tampa, St. Petersburg and Hillsborough County. To say "No" to hundreds of businesses hard hit by COVID that benefit from the tens of thousands of people that the Cross Bay Ferry takes to their city.							
	This really is absurd. The County Administrator is objecting to spending about \$150,000 for a simple, fun regional project that does so much, for so many, for so little. The votes by all other governments to fund this has been nearly unanimous, with only a single "no" vote!		146 2nd Street North, St.

	As a community organization, the goal of the Car-Free St. Pete Committee is to reduce the impact of driving alone and enable more fully car-free lifestyles resulting in better sense of place, healthier individuals, safer streets, a cleaner environment and a stronger economy. One way that the Committee believes this can be made possible is by providing more alternative transportation options for commuters.							
	The City of St. Petersburg, the City of Tampa and Hillsborough County already have voted to continue and expand the Cross-Bay Ferry service, which would allow up to four ferries to operate between St. Petersburg and Tampa year around. This expanded service will provide commuters who work and live in Downtown St. Pete/Tampa a regular and reliable alternative transportation option to get to work.							
Letter of Support for Cross-Bay Ferry	Not only would this be good for our environment, cutting down on carbon emissions expelled by single occupancy vehicles, but will also benefit our individual community members, who face up to \$5,000 in commuting costs as they return to the office full-time (Mamon, "Tampa, St. Pete commuters could lose \$5K a year returning to the office"). This cost savings is imperative for our community members, especially following the negative financial

	When my parents came to visit I took them on the ferry to Tampa, showed them around for the day and came back to St Pete. The ferry was full of people from all different demographics who had planned all different outings - an older couple who was site-seeing, a large group of 20 somethings from Tampa were riding over to St Pete to go out for the night. The ferry adds A LOT to our city. People are constantly complaining about the disconnect from Tampa to St Pete let's fix it! This is such a small ask that SO many people can benefit from. If you want tourism money, and if you want this area to be a 2-for-1 city that all businesses get to benefit from moneywise, then the obvious answer is YES.							
	And a small perk would also be reducing the traffic across the bridge.							
Diago give us the Cross Day Form	The people have already voted - please do the right thing and make this happen. 	Good Morning,							
	Firstly, I would like to express my sincere thanks for all that you do for us. I'm writing because I recently heard that the Pinellas County Administrator has recommended to the Pinellas County Commission to not fund the Cross Bay Ferry. As a resident of St. Pete, I would urge the commission to vote YES on funding the Cross Bay Ferry. I know these decisions are not easy, but I believe funding this project would truly benefit both the residents and businesses of Pinellas and Hillsborough County. Thank you for taking the time to hear my voice.

I am reaching out to you today to voice my opinion on the Cross Bay Ferry service, which I find integral to our Tampa Bay Area. When the ferry service first launched, I was so excited. It highlights everything that's great about our region - the waterfront parks, the beauty of the bay itself, our gorgeous city skylines, and all of the food, drink, and recreation that both St Pete and Tampa have to offer. Fall weather, hockey season, Christmas lights All of these experiences are amplified for me and my family through the Cross Bay Ferry service. I would be heartbroken to find out that the service was no longer continued.	This is a great service to residents and tourists who want a safe and comfortable ride with great sightseeing between Tampa and St Pete. As visitors to each of these locations may be visiting restaurants and bars, this service may also lessen the number of DUI drivers on the streets. Is ummer in Hull, IMA and rely on our local ferry service to down town Boston. In the past I used it to commute to work and now I use it to get back and forth to Logan Airport. While the ferry make several stops a day at Logan, one can also take ferry taxi or even the subway from downtown to get to Loganas well as other parts of Boston. Murphy Margaret Please continue to fund the the Cross Bay Ferry as it grows in popularity, ridership and a strong regional transportation option! 	Hello, I have heard that you are going to try to deny the Cross							
	Bay Ferry from continuing. The money being asked for is							
	not a lot and will just be wasted on something else if not							
	used for the Ferry. I am absolutely shocked that this							
	motion didn't just sail through the first time and that it takes any voting or discussion at all. All other city and							
	county boards involved support this awesome service in							
	our area. My family and friends love the Ferry, and as St							
	Pete grows year after year, the ferry will become a crucial							
	part of city life. I know more and more people in this area that are selling their cars due to working remotely now,							
	and will rely on transportation like the Ferry to get							
	around. We use it for special events, visitors, and nice							
	weather days, and will be extremely disappointed if it

	Hi, I am writing to urge you to vote in favor of funding the							
	Cross Bay Ferry. My family and I have enjoyed so much							
	using the ferry. It is a fantastic way to connect Pinellas							
	and Hillsborough counties. It is fun, inexpensive and a plus for businesses and entertainment venues on both							
	sides of the Bay. I feel that this investment is very small							
	for the benefit it will bring to the region to make the ferry

	It's come to my attention that there's a recommendation							
	to vote against expanding the Cross Bay ferry service - which strikes me as ridiculous. Assuming that I'm reading							
	this document							
	(http://www.pinellascounty.org/budget/22Budget/Tentat	:						
	iveBudgetFY22/B_Summaries_FY22TB.pdf) correctly, we							
	have about \$2.9B to spend, and allocate over \$50M to culture/recreation and \$300M to transportation (of							
	which \$80M is to airports?!?! We mostly go to Tampa to							
	fly)							
	\$200,000 to the ferry service is a drop in that bucket.							
	But, it's been both a popular tourist attraction (both for							
	out of area tourists, and Hillsborough/Pinellas tourists.)							
	With an expanded schedule, not only would it be great							
	for visiting local business on each side of the Bay and Lightning games (which it is always sold out for), but also							
	Rays games.							
	We're surrounded by water - utilize it for transportation and recreation!! And make that recreation available to							
	someone with \$20, not only someone with \$200 to rent a							
	boat, or \$200,000 to buy one.							
	Hope you're still reading - please join the cities of St Pete							
	& Tampa, as well as Hillsborough Cty and vote to expand	Matthew D

	Please vote Yes on the Cross Bay Ferry on September 21!							
	My wife and I love the ferry, and I even took my 86 year							
	old mom on the Ferry from St. Pete to Tampa a couple							
	years ago. My mom had not been on a boat in nearly 70 years before that and enjoyed being on the water for the							
	short ride. We need the ferry as it provides a fun way for							
	residents of Tampa or St. Pete to go to the other side of							
	the bay for a night out, while reducing traffic on the road and minimizing their time on the road after a day of good							
	times with friends. The ferry is also a great attraction for							
	tourists. For the Tampa area, with its given geographical							
	configuration around a bay of water, to not have a ferry which connects one side of the bay to the other would							
	frankly be an embarrassment to the area its residents.							
	The ferry provides another great entertainment option							
	which both locals and tourists can take advantage of, and should continue to be funded. I'd love to know a better							
	way the government has planned to spend \$150k rather

	Good Day All!							
	Thx for taking a minute to read my brief email.							
	I can't emphasize enough the value of the cross bay ferry							
	and and an eventually expanded system. We need to

	Boston, San Francisco, Seattle & Vancouver to appreciate the significance of such a system and to realize we are the							
	only such bay city that doesn't have a ferry system in							
	place.							
	I could go on about the benefits to tourists, commuters,							
	day to day citizens, the environment, etc. but I'm sure you							
	have heard it all.

	Mr. Burton, As our community continues to wrestle with regional transportation problems, it would be silly to stop the small investment in our Crosstown Ferry. This offers a great alternative to crossing the bridges (which is never a fun experience for anyone). This offers a safe and fun way for our community to become more accessible and support ability to host larger events in the region. This brings more people from Hillsborough County into Pinellas to spend their entertainment money in what is surely more fun than Tampa. If we continue this small investment we can, over time grow this service. Just this summer, I was in Washington DC and went only to places I could get to via the watertaxi. Pre-covid when I was traveling to clients in Jersey City, the ferry was the ONLY way I would go back and forth between Manhattan and Jersey City. Please don't continue to hinder the options we have in our beautiful waterfront region. Fund the continuation of this ferry service. Thank you. Warm regard,

	I don't encourage spending lightly; I think we've all seen							
	enough excessive, runaway spending (nationally) over the

	Dear Commissioner,							
	I'm writing to you because I believe, that ass a Pinellas							
	County Resident, the Cross Bay Ferry Service offers and							
	great, valuable, and much needed transportation option.							
	I, personally, have chosen not to purchase a car so that i							
	can focus on paying off my mortgage and improving my							
	home. The ferry service is the most economic option for							
	me to visit Tampa. I also feel that we should take advantage of our waterways. They don't need to be							
	paved like roads do, and they offer a reliable mode of							
	transportation. Not all places have the option of using							
	waterways for transportation. Missing out on this							
	opportunity means neglecting our unique assets here in							
	Tampa Bay.							
	I hope I've given you some food for thought. I have been							
	patiently waiting for the ferry service to reopen this							
	winter, and I really hope the service gets extended instead							
	of defunded.

It would help with tourist getting easier and quickly back and forth so they could visit either side of the bay. If you decide to not fund the project than you are doing us a great disservice. Thank you Please fund the Cross Town Ferry. This is a great way to get back and forth between St Pete and Tampa. We should be looking to have the ferry year round not requesting to fund it for a few months every year. We should be growing transportation options and take advantage of our waterways. Time to turn this place into a major city. The kind with good public transportation. Regards, Jason Peterson I highly support funding the ferry. It attracts tourism and connects two 1st class cities. It would help with tourist getting easier and quickly back and forth so they could visit either side of the bay. If you decide to not fund the project than you are doing us a great disservice. Thank you Please fund the Cross Town Ferry. This is a great way to get back and forth between St Pete and Tampa. We should be looking to have the ferry year round not requesting to fund it for a few months every year. We should be growing transportation options and take advantage of our waterways. Time to turn this place into a major city. The kind with good public transportation. Regards, Jason Peterson I highly support funding the ferry. It attracts tourism and connects two 1st class cities. I write today encouraging you to see supporting the cross bay ferry as a way to keep st. Pete on the map for unique vacation and trouist opportunities, as well as supporting the local community. Making Tampa to accessible to pop over for a hockey game, the aquarium etc. Encourages tourists to make st. Pete their home base and helps locals take alternative transportation than sitting in a stand still on Howard Frankland. Bring the ferry back! I live here and our family uses it every year. 	I'm so surprised that even the discussion of cancelling							
	ferry service is taking place. This service has proven very							
	popular, both from a tourism point of view, and from a locals point of view - using the ferry to transfer to the

	Having traveled on the ferry multiple times, usually with my bicycle on board, I find it to be a convenient and							
	affordable option to driving across the bay to enjoy the

The ferry benefits everyone in both counties. In my opinion it will be very shortsighted for someone to vote against continuing this ferry service. The financial investment by the several government entities (all others having voted to continue the ferry) is not large relatively speaking. I will certainly note which commissioners vote "yes" and which ones vote "no" and work hard in the future to have a county commission whose members realize the importance of the link between Pinellas and Hillsborough counties to make the Tampa Bay area the envy of the country. Please continue to fund the the Cross Bay Ferry as it grows in popularity, ridership and a strong regional transportation option! We need to continue to look at all options which are not auto-centric. Thank you! #Savetheferry Hi, Ilive in St. Petersburg and absolutely love the Cross Bay Ferry. It is so easy to have a trip to Tampa for concerts, dinner or sporting events and not have to sit in the afternoon traffic jams to Tampa. We have seen the ridership increase over the last two seasons and would love for the service to continue. Thank you, Judy Holland As a resident of this county for 28 yrs. I strongly recommend that you support the requested funding, already agreed to by Hillsboro, Tampa, and St Petersburg. If allowed to continue and grow, this will be a benefit to all of Tampa Bay. Thank you. Keep Cross Bay Ferry Save the Ferry Cross Bay Ferry	I am astonished to learn that some Pinellas County commissioners are not in favor of continuing the Cross Bay Ferry. I am a native St. Petersburgian, born 1946, and I have witnessed the wonderful changes that have taken place here in the last 20 years. Pinellas County is a vibrant exciting place to visit. My Hillsborough County friends enjoy downtown St. Pete and love taking the Ferry. I enjoy going to the Lightning games via Ferry. It is a great link between two wonderful cities. The ferry benefits everyone in both counties. In my opinion it will be very shortsighted for someone to vote against continuing this ferry service.
