Background/Explanation:

Funding for this program is awarded under SAMHSA's AOT for Individuals with Serious Mental Illness. AOT will increase the capacity of mental health services available in Pinellas County for individuals with serious mental illness.

Pinellas County does not currently utilize court-ordered Assisted Outpatient Treatment. The current system of care only offers Involuntary Residential Treatment and voluntary referral to treatment. There is no less restrictive level of care for clients who do not qualify for Involuntary Residential Treatment but need further assistance engaging in follow-up care.
