**Background/Explanation:**

The JAGC is a recurring DOJ pass-through grant administered by FDLE. It represents 60% of the state’s total Federal Justice Assistance Grant award. Funds are allocated to the County based partially on population and crime statistics.

The JAGC is governed by Rule 11D-9 of the Florida Administrative Code. The SAAB was established in 1989 to comply with Rule 11D-9 and serve in an advisory capacity to the Board of County Commissioners. One of the SAAB’s primary duties is to review and recommend projects to be funded by the JAGC.

**Fiscal Impact:**

Funding is provided by the JAGC to support seven (7) projects in Pinellas County. Five (5) of these projects are agreements with nonprofit agencies for a total of \$113,000. No match is required. Appropriation to support related grant activities is consistent with the development of the FY22 Tentative budget.

**Delegated Authority:**

Authority for the County Administrator to sign these agreements is granted under Code Section 2-62 (a)(1).

Authority for the County Administrator to sign award acceptance and grant matters not requiring further Board approval is granted by a letter from the Board dated April 14, 2021.
