Background/Explanation:

The agreement with DOH for the operation of the Pinellas County Health Department outlines the required coordination between the County and DOH for public health services pursuant to Chapter 154, Florida statute. The Board of County Commissioners (Board) approved the FY17 DOH Operations contract in the amount of \$ 4,064,110.00 on September 27, 2016; term is October 1, 2016 to September 30, 2017. Because the State of Florida periodically makes funding adjustments reflecting changes in State or Federal support, as well as other administrative changes to the contract, the Board delegated the authority to execute administrative amendments to the County Administrator.

During the first quarter of FY17 (October - December), DOH Pinellas has provided services to 37,797 clients. Communicable disease services were provided to 14,180 clients. Environmental health services were provided to 2,598 clients. Primary care services including disease prevention, tobacco intervention, Healthy Start, School Health and other programs were provided to 21,019 clients. This is not exclusive to Pinellas County Health Program clients.

DOH was 26 of 67 overall in the 2016 County Health Rankings Report for health outcomes. Pinellas compares in Primary Care Physician patient ratios to similar sized counties and yet does better in Dentist patient ratios when compared to other urban Florida Counties. Mental Health data is not available at the County level to compare only at a statewide level. The following are categories of the report comparing Pinellas County to the State of Florida:

Mental Health providers was 550:1 compared to 690:1

Primary Care physicians was 1,120:1 compared to 1,390:1

Dentists was 1,560:1 compared to 1,820:1

Fiscal Impact:

This Amendment provides no additional fiscal impact. The original Agreement appropriated and amount not to exceed \$4,064,110.00 which is derived from a dedicated millage rate levied countywide.

Delegated Authority:

Authority for the County Administrator to sign this Amendment is granted under Code Section 2-62 (a)(2) and by Board approval in Legistar Item 16-1450A.
