4.2 Invest in communities that need the most

Summary:

This First Amendment to the CDBG Program Subaward Specific Performance and Land Use Agreement CD22PEMHS provides an additional \$9,353.00 in CDBG funding, increasing the total CDBG investment to \$198,583.00; modifies the scope of the project description; extends the term of the Agreement three (3) months to allow for project completion; extends the term of the Restricted Period 15 months; and increases the required insurance coverage.

The original cost for the project was \$189,230.00, with funding being provided by the County for facility improvements including the replacement of flooring, air conditioning system, doors/handles/locks and toilets with anti-ligature fixtures and interior painting. PEMHS requested to change the scope of the project to remove the installation of anti-ligature fixtures that are being replaced in another project and include the stripping and polishing of existing flooring at the facility to protect against wear and tear. The bids for the project came in higher than anticipated and PEHMS has requested funding to cover the additional \$9,353.00.

The Agreement requires that performance be completed by September 30, 2023. PEMHS is unable to complete the project on or before the expiration date. It is necessary to extend the term of the Agreement three (3) months to December 31, 2023, to allow time for project completion.

As a result of the term extension and the additional funding being provided, it is necessary to extend the term of the Restricted Period 15 months to January 1, 2037, restricting the use of the property to serving low- and moderate-income individuals with mental and behavioral health illnesses and disorders.

As a result of the additional funding being provided, it is necessary to increase the amount of insurance PEMHS must carry on the property to the amount of the total CDBG investment.

Background/Explanation:

On July 19, 2022, the Board executed Resolution No. 22-60, which approved the 2022-2023 (FY23) Action Plan. The PEMHS Facility Rehabilitation Project was approved as a facility rehabilitation activity in the Action Plan.

On September 25, 2022, the County Administrator executed CDBG Agreement CD22PEMHS, as recorded in Official Records Book 22218, Page(s) 1071-1099, providing CDBG funding for facility improvements including the replacement of flooring, air conditioning system, doors/handles/locks and toilets with anti-ligature fixtures and interior painting at the facility located at 11254 58th Street N, Pinellas Park, Florida 33782, benefitting approximately 25,000 low- and moderate-income individuals with mental and behavioral health illnesses and disorders. The Agreement was effective October 1, 2022, through September 30, 2023, with the land use restriction expiring on October 1, 2035.

Fiscal Impact:

The total amount of funding for this agreement is not to exceed \$198,583.00 during the term of the Agreement. Funding for this Agreement is consistent with the County's FY23 Adopted Budget and is included in the FY24 Tentative Budget for CDBG funds.
