Case No. CW 20-14 - Pinellas County (Downtown Palm Harbor)
Countywide Plan Map amendment from Activity Center, Employment, Office, Public/Semi-Public, Retail and Services, Residential Medium and Residential Low Medium to Activity Center, regarding 63.8 acres more or less, located in downtown Palm Harbor.

Recommended Action:

Sitting as the Countywide Planning Authority, adopt an ordinance approving Case No. CW 20-14, a proposal by Pinellas County to amend the Countywide Plan Map from Activity Center, Employment, Office, Public/Semi-Public, Retail and Services, Residential Medium and Residential Low Medium to Activity Center, regarding 63.8 acres more or less, located in downtown Palm Harbor.

- The amendment area is comprised of properties in Downtown Palm Harbor, generally located east of 8th Street, south of Pennsylvania Avenue, west of Omaha Street and north of Wisconsin Avenue.
- The amendment area is included in the Downtown Palm Harbor Master Plan which was updated in 2018/2019 timeframe. A key recommendation included in the update of the Master Plan was the expansion of the existing Activity Center-Neighborhood designation, hence the proposed amendment.
- The amendment will also update the Downtown Palm Harbor Master Plan to allow for the establishment of a form based code to guide development and amend the maximum density/intensity standard to an all-inclusive 1.5 floor area ratio.
- The Master Plan update provides a more holistic, integrated approach to planning for the greater downtown area and the transition to surrounding residential neighborhoods.

- The proposed amendment establishes one contiguous planning area with consistent regulations and incorporates the entire Historic District.
- The proposed amendment creates a better-connected mixed-use area that enhances pedestrian safety, protects the historic character, and incentivizes economic development.
- Specific benefits to property owners that will become available:
 - Updated parking standards and administrative flexibility to encourage redevelopment on smaller sites
 - Updated allowable uses by zoning district to encourage residential, commercial, and mixed-use development supportive of the creation of a walkable historic neighborhood.
 - Increased maximum Floor Area Ratio, which allows for additional residential units and non-residential square footage.
 - Potential for additional building height
 - Process Improvements reducing the need for public hearings for new development/redevelopment.
- Forward Pinellas and the Planners Advisory Committee each voted unanimously to recommend approval of this proposal.
- The Board of County Commissioners, at its July 21, 2020 meeting, approved the transmittal of two ordinances to the Department of Economic Opportunity for state agency review.

Strategic Plan:

Foster Continual Economic Growth and Vitality

4.3 Catalyze redevelopment through planning and regulatory programs

Summary:
