Strategic Plan:
Deliver First Class Services to the Public and Our Customers

5.2 Be responsible stewards of the public's resources

5.3 Ensure effective and efficient delivery of county services and support

Summary:

This Participation Amendment for electronic payment provider services provides a mechanism for County departments to accept payment for County goods and services via credit card. Additionally, this payment authorization provides payment gateways, other services, and equipment for payment card acceptance.

The Participation Amendment is effective per the pricing, terms, and conditions of Central Florida Expressway Authority fka Orlando Orange County Expressway Authority Master Services Agreement dated June 14, 2013. Additionally, the agreement has indemnification language that conflicts with County Resolution No. 06-70 which prohibits the County from indemnifying others in most circumstances. County staff requested Bank of America modify their indemnification language, but Bank of America will not change their requirements per their agreement.

Background Information:

Central Florida Expressway Authority fka Orlando Orange County Expressway Authority solicited an RFP No. 000900 for Merchant Card Services in December 2012 to establish a contract for merchant card services. The Central Florida Expressway Authority fka Orlando Orange County Expressway Authority successfully negotiated Contract No. 000900, and Central Florida Expressway Authority fka Orlando Orange County Expressway Authority executed the agreement with a contract effective date of June 14, 2013. The contract renews annually automatically unless terminated by the parties.

Fiscal Impact:

Not-to-exceed twelve-month purchase authorization: \$350,000.00

This request is fully budgeted for in the FY24 Adopted Budget. Funding will be derived from the operating budgets of requesting departments and agencies and will include multiple funds, centers, accounts, and programs.
