Background Information:

The State of Florida (State) entered into the negotiated opioid litigation settlement agreements. Pinellas County, along with other Florida cities and counties, entered an agreement with the State (the "Florida Plan") allowing the state to negotiate on the County's behalf and governs the allocation and use of opioid litigation settlement proceeds.

Pursuant to the Florida Plan, the state has established the City/County Fund to distribute funding directly to municipalities and counties. Three (3) municipalities within Pinellas County: Oldsmar, Safety Harbor, and Tarpon Springs have assigned their City/County Fund distributions to Pinellas County. The assignment of the city funding to Pinellas County reduces duplication of services, reporting, and administration.

Under the Florida Plan the County is eligible for both County and Regional opioid settlement dollars. Regional settlement dollars will be distributed through competitive solicitation conducted by Pinellas County Human Services with recommendations made by Opioid Abatement Funding Advisory Board.

Fiscal Impact:

There is no fiscal impact as a result of this item.
