Background Information:

Since 1988, medical and dental care referrals have been provided to the homeless population in the County via the MMU. Primary health care is provided at no charge to homeless patients with incomes at or below 100% of the FPL. The MMU visits shelters, soup kitchens, drop-in centers and other locations where the homeless congregate. In April 2016, the County began offering additional medical services at the new Bayside Health Clinic located adjacent to the Safe Harbor homeless shelter.

In 2019, the County served 2,951 unduplicated homeless patients through the MMU and Bayside Health Clinic. This award will allow the County to continue providing primary medical care and prevention services to homeless residents. The funding will support clinical services for 2,979 unduplicated patients by December 31, 2020.

Fiscal Impact:

Total grant award is \$626,255.00 in federal funds and no match is required. This award will be included in the FY20 estimates and FY21 budget request as part of FY21 budget development.
