4.6 Support a vibrant community with recreation, arts, and culture to attract residents and visitors.

Summary:

Approval and execution of the Agreement will allow the Foundation to meet its grant award

requirements for construction of the Project.

Background/Explanation:

The Foundation and the County entered into a License Agreement on August 24, 2021, for a portion of land located in Walsingham Park for the purpose of constructing and operating the Project. As part of its fundraising efforts, the Foundation received a grant from the State in the amount of \$300,000.00 to fund a portion of the Project's construction costs.

In order to ensure the grant award is used for its intended purpose, the State is requiring the County, as property owner, and the Foundation to restrict the use of the Property as a cultural facility for a minimum of ten (10) years following execution of the grant award agreement.

If this Agreement is violated, the Foundation is responsible for repayment of the grant award, which repayment is tied to a graduated repayment schedule dependent on the date of violation. If the Foundation does not repay the grant funds, the State will seek a judgment against the Foundation.
