5.4 Strive to exceed customer expectations

Summary:

Based on direction from the Board of County Commissioners, this Amendment assigns responsibility for future facility capital improvement replacements to the County, beginning 10/01/19.

Background Information:

The original lease between the County and the Palm Harbor Community Services Agency (PHCSA) is silent regarding capital improvements. PHCSA is responsible for all repairs and maintenance. The MSTU does not provide sufficient revenue to support capital improvement. County funding is necessary to maintain the integrity of the asset for the future.

A First Amendment to modify the Agreement insurance language was entered into in October 1999.

Fiscal Impact:

Projected cost is dependent on the identified project. As individual capital improvement projects are identified, funding will be determined using the County's Capital Improvement Program project portfolio management process.
