Summary:

Alcohol and Drug Abuse Trust Fund awards are disbursed annually to award recipients who are licensed as substance abuse providers with the Florida Department of Children and Families. Funding is generated from court fees as outlined in Chapter 893.165 of the Florida Statutes that provides for an assistance grant process for allocation.

Background Information:

The County has an established Alcohol and Drug Abuse Trust Fund (Trust Fund) for receiving assessments from court fees to disburse assistance grants to alcohol and drug abuse treatment or educational programs. Funds must be used for one-time only, non-recurring expenditures such as equipment, special projects, training, renovations and formalized prevention activities.

The Alcohol and Drug Abuse Trust Fund awards fund projects that allow substance abuse agencies to maintain and improve the services provided to their clients. In FY2016, awards were used to: purchase 20 mattresses for a residential substance abuse treatment facility for pregnant/post-partum/parenting women; upgrade computer hardware to increase client access to services and

improve record keeping; renovate treatment and group areas to provide comfortable environment for clients; and sent four (4) staff members to an evidence based training program to improve case management.

Each year, a competitive process is held to solicit applications for the Trust Fund. Awards are disbursed annually to recipients who are substance abuse providers licensed with the Florida Department of Children and Families. Funding is generated from court fees as outlined in Chapter 893.165 of the Florida Statutes that provides for an assistance grant process for allocation.

The Alcohol and Drug Abuse Trust Fund disbursement for FY2017 is \$53,000.00 and requires Board approval. The SAAB is the appointed oversight committee and has reviewed all requests for funding and recommended the following new agency projects at their August 2, 2016 meeting.
