Staff Report

File #: 15-685, Version: 1

Subject:

Award of bid to Alspach Construction and Electric Company, Inc. for the exterior lighting system upgrade project at the W.E. Dunn Water Reclamation Facility.

Recommended Action:

Approval of an award of bid to Alspach Construction and Electric Company, Inc. (Alspach Construction and Electric) for the exterior lighting system upgrade project at the W.E. Dunn Water Reclamation Facility (WEDWRF).

Bid No. 145-0487-CP(DF); PID No. 002476A/2153; in the amount for \$664,532.00 on the basis of being the lowest responsive, responsible bid received meeting specifications; all work is expected to be completed within 180 consecutive calendar days. Chairman to sign and Clerk of the Court to attest.

Strategic Plan:

Create a Quality Workforce in a Positive, Supportive Organization

1.3 Make workforce safety and wellness a priority

Practice Superior Environmental Stewardship

3.1 Implement green technologies and practices where practical

3.4 Reduce/reuse/recycle resources including energy, water and solid waste

Summary:

Staff has reviewed the bids and recommends award to Alspach Construction and Electric in the amount of \$664,532.00.

The purpose of this project is to provide an upgraded and energy-efficient exterior lighting system, which will result in a safer work environment around the process facilities, along the roadways, and within the parking lots at the WEDWRF.

Background Information:

The existing exterior lighting system must be upgraded to comply with current local and federal regulations. Additionally, the ground-mounted steel poles throughout the facility are corroded at the base, and the hinges and fixtures on these poles have deteriorated housings, lenses, and reflectors. The new lighting system will utilize energy-efficient and sustainable technology such as light emitting diodes (LED) to reduce operating costs and will provide a safer working environment for operators on evening shifts.

Fiscal Impact:

Total expenditure not to exceed is \$664,532.00 to be funded by the Sewer Enterprise Fund.
