Internal and external community partners helped identify strategies that embody an age friendly community where individuals can live, work, play and thrive at all ages and abilities. Staff met with residents throughout Pinellas County at community events, focus groups and listening sessions to gather input. Each Pinellas County Department identified a "Champion" and prepared an Age Friendly plan which includes strategies for implementation.

The action plan provides a comprehensive document representing department specific actions for

addressing the ten (10) domains of livability. The Resolution will allow the plan to be submitted to the AARP in alignment with Age Friendly Community designation.
