Background Information:

On December 27, 2020, the Consolidated Appropriations Act, 2021, was enacted to, among other things, provide emergency rental assistance to households impacted by COVID-19. The Emergency Rental Assistance program makes available \$25 billion to assist households that are unable to pay rent and utilities due to the COVID-19 pandemic. The funds are provided directly to States, U.S. Territories, local governments, and Indian tribes. Local governments with more than 200,000 residents were eligible to receive direct payments. Pinellas County and the City of St. Petersburg were eligible and accepted award terms. Grantees must use the funds to provide assistance to eligible households through existing or newly created rental assistance programs.

Amounts paid to States, the District of Columbia, U.S. Territories, and eligible units of local government are based on population based on the same provisions in the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Eligible local governments were required to accept award terms for the Emergency Rental Assistance program by 11:59 p.m. EDT on January 12 and Treasury is required to make direct payments by 11:59 p.m. EDT on January 26. Pinellas County is anticipated to receive approximately \$21.3M and the City of St. Petersburg is anticipated to receive approximately \$7.9M.

The Emergency Rental Assistance program terms require that not less than 90 percent of awarded funds be used to support "eligible households" with direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy costs arrears, and other expenses related to housing (as defined by the Treasury Secretary). Remaining funds are available for housing stability services, including case management and other services intended to keep households stably housed, and administrative costs. Funds generally expire on December 31, 2021.

An "eligible household" is defined as a renter household in which at least one or more individuals meets the following criteria:

(1) Qualifies for unemployment or has experienced a reduction in household income, incurred significant costs, or experienced a financial hardship due to COVID-19;

Demonstrates a risk of experiencing homelessness or housing instability; and
Has a household income at or below 80 percent of the area median.

(2) Rental assistance provided to an eligible household should not be duplicative of any other federally funded rental assistance provided to such household.

(3) Eligible households that include an individual who has been unemployed for the 90 days prior to application for assistance and households with income at or below 50 percent of the area median are to be prioritized for assistance.

Additional information clarifying and defining program requirements will be posted by the Treasury as it becomes available.

Pinellas County, in partnership with 211 Tampa Bay Cares, implemented the Pinellas CARES Financial Assistance program in April, 2020, and made over 21,000 payments totaling approximately \$24.6M to assist over 8,600 households. Pinellas County also continues to support multiple local non-profit agencies in providing eviction mitigation assistance to residents through the Pinellas CARES Nonprofit Partnership Fund administered by the Pinellas Community Foundation. Both of these programs are funded with the \$170.1M CARES Coronavirus Relief Fund payment received by Pinellas County. Both programs align with the Emergency Rental Assistance program requirements.

Fiscal Impact:

The projected payment to Pinellas County from the Emergency Rental Assistance program is \$21.3M. Receipt of payment is anticipated by 11:59 p.m. on January 26. A budget resolution may be brought forward at a subsequent meeting to recognize and appropriate these funds in the FY21 Budget.
