Summary:

The subject property consists of three parcels totaling approximately 4.55 acres on the south side of Anclote Road near the northwest corner of Pinellas County. The property is currently vacant. It is designated Residential Low (RL) on the Future Land Use Map (FLUM), which allows up to five residential units per acre, and is covered by three different residential zoning districts: R-A, Residential Agriculture, R-E, Residential Estate, and R-4, One, Two & Three Family Residential. The

applicants wish to expand their adjacent RV park onto the subject property, which will require changes to the FLUM and Zoning Atlas. They are proposing a FLUM amendment to Commercial Recreation (CR) and a zoning change to CR, Commercial Recreation. The CR designations facilitate RV park and campground uses and allow up to 10 RV spaces per acre. Permanent residential use is not permitted.

The surrounding area on the north bank of the Anclote River is generally a mixture of residential, marina and other commercial recreation uses. The Hickory Point RV Park, owned by the applicants, is adjacent to the southeast, an equestrian center is to the northeast across Anclote Road, single family homes are to the northwest, and the Anclote River is to the southwest.

The proposed CR FLUM and CR zoning categories are appropriate based on the subject property's proximity to other similar uses, general compatibility with the surrounding area and consistency with the Pinellas County Comprehensive Plan.
