Summary:

This non-competing continuation application for federal funding supports the County's Health Care for the Homeless program for the final year of a three-year project period that started March 1, 2019 through February 28, 2022. Funding in the amount of \$1,597,565.00 is for the third budget year starting March 1, 2021 through February 28, 2022.

The purpose of this grant program is to improve the health of the Nation's underserved communities and vulnerable populations by assuring continued access to comprehensive, culturally competent,

quality primary health care services. In 2020, the program provided basic health care services on the Mobile Medical Unit (MMU) and at Bayside Health Clinic to 1,903 homeless patients. A majority (97%) of these clients have an income at or below 100% of the Federal Poverty Level (FPL).

The HCH Co-Applicant Governing Board will accept the grant award on March 3, 2021.

Background Information:

A Budget Period Progress Report is a non-competing continuation application for federal financial assistance to continue support of comprehensive primary health care services in a service area currently served by a health center program grantee.

Since 1988, medical and dental care referrals have been provided to the homeless population in the County via the MMU. Primary health care is provided at no charge to homeless patients with incomes at or below 100% of the FPL. The MMU visits shelters, soup kitchens, drop-in centers, and other locations where the homeless congregate. In April 2016, the County began offering additional medical services at the new Bayside Health Clinic located adjacent to the Safe Harbor homeless shelter.

In 2020, the County served 1,903 unduplicated homeless patients through the MMU and Bayside Health Clinic. This award will allow the County to continue providing primary medical care and prevention services to homeless residents. The funding will support clinical services for 2,979 unduplicated patients by December 31, 2021.

Fiscal Impact:

This total grant award is \$1,597,565.00 in federal funds. While no cash match is required, the County anticipates applying non-federal funds (General Fund) to the program totaling approximately \$2,943,946.00. Appropriation to support the related grant activities is consistent with the development of the FY21 Adopted Budget. The grant revenue is also included in the FY21 Adopted Budget.
