4.4 Invest in infrastructure to meet current and future needs

Summary:

The purpose of this contract is to provide construction engineering and inspection (CEI) consulting services on a continuing basis to assist with the implementation of the Capital Improvement Program.

The firms in order of ranking are attached on the ranking spreadsheet.

Background Information:

A request for proposal to comply with the Consultants Competitive Negotiation Act (CCNA) per Florida Statute 287.005 was released on January 18, 2017 and the negotiation process concluded in May 2017.

The contract includes negotiated fully burdened hourly rates including all labor, direct/indirect overhead, margins/profits, and travel within the Tampa Bay Metropolitan Statistical Area (TBMSA). Travel outside of the TBMSA will be reimbursed in accordance with Section 112.061, Florida Statutes.

All rates for prime consultants and sub-consultants were evaluated to determine competitiveness based on current market conditions. Negotiations achieved rate reductions ranging from three (3) to forty-eight (48) percent as compared to the original submittals.

Fiscal Impact:

The upset limit over the contract term of five years is \$6,000,000.00 for each firm for a total of \$60,000,000.00.

The County Administrator has delegated authority to increase the upset limits of contract purchase orders pertaining to this contract provided the negotiated rates remain the same.

Funding is derived from various Capital Improvement Program budgets and/or operating budgets per individual work assignments on a multiple year/multiple work assignment basis.
