Summary:

Approval of this resolution dedicates a portion of County owned property as public road right-of-way for anticipated intersection improvements for the subject project.

Background Information:

During the design of this project, it was determined that a portion of County owned property at the northwest corner of Betty Lane and Sunset Point Road is required to be used as public right-of-way in preparation of future construction activities, and declaring the portion as right-of-way will serve to

set a portion of the County's property aside solely for right-of-way purposes.

The County previously acquired this parcel in 2009 for roadway improvements on Sunset Point Road. The right-of-way requirements on the County owned parcel have been determined for this project. Dedication of the right-of-way will separate the required public road right-of-way from the remainder of the County owned parcel to allow for construction of a mast arm at the northwest corner of the intersection located at Betty Lane and Sunset Point Road.
