Summary:

This amendment enables eight (8) programs that were approved for funding in the Fiscal Year 2019 (FY19) Adopted Budget contingent on the results of Florida Amendments 1 and 2 in the November 6 election. Florida Amendment 1 (additional/third homestead exemption) failed as it did not reach the 60% statewide voter approval threshold (58% approval). Amendment 2 (retaining caps on assessed value growth for non-homestead properties) passed with 66% approval statewide. These results yield no change to our forecasts for property tax revenue as they preserve the status quo with respect to property tax revenue.

Background Information:

The programs enabled with this amendment are:

1. \$100,940.00 for Small Business Navigation Assistance via one additional position within Economic Development Department
2. \$150,000.00 for apprenticeship program via American Manufacturing Skills Initiative (AmSkills)
3. \$100,000.00 additional funding for Home Delivered Meals Program for Seniors, increasing total funding to \$396,000.00
4. \$215,000.00 to relaunch Success Training and Retention Services (STARS) program in north Pinellas County
5. \$58,410.00 to expand Truancy Teen Court program via one additional position within Judiciary
6. \$35,000.00 additional funding for Public Defender Jail Diversion program to address increased workloads related to Opioid epidemic, increasing total funding to \$662,000.00
7. \$75,000.00 for a therapist to expand Ready for Life program that assists youth aging out of the foster care system
8. \$100,000.00 additional funding for Clerk of the Circuit Court and Comptroller in support of staffing requests presented during FY19 budget development

See attached excerpt from the FY19 Adopted Budget document for additional detail regarding each of these programs.

Fiscal Impact:

This amendment realigns \$519,350.00 from General Fund reserves for contingencies and \$315,000.00 from Health Department Fund reserves for fund balance and increases department and agency budgets as outlined above. The General Fund total reserve level decreases to \$95,013,750.00 or 15.2%. This is consistent with the policy target of 15%. The realignment from the Health Department Fund is derived from non-recurring lapse in appropriation for school nurses during FY18 and maintains a total reserve level of \$569,420.00 or 9.0%, thereby exceeding the 5% policy target for this fund. This amendment is consistent with the direction provided by the Board during the development of the FY19 Adopted Budget.
