Strategic Plan:

Practice Superior Environmental Stewardship

3.3 Protect and improve the quality of our water, air, and other natural resources

3.4 Reduce/reuse/recycle resources, including energy, water, and solid waste

Deliver First Class Services to the Public and Our Customers

5.2 Be responsible stewards of the public's resources

Summary:

The award of bid to Kemeria Water Solutions, Inc. establishes an ongoing contract for the use of ferric sulfate at IWTP as a coagulant to maximize flocculation efficiency in the clarifier tank.

Background Information:

May 8, 2020, a six (6) month pilot program was approved by the Division Director of Purchasing for ferric sulfate at the IWTP. Following the success of the pilot program, the Department of Solid Waste requested an invitation to bid to continue the use of ferric sulfate water treatment services.

On February 19, 2021 the Purchasing Division released an invitation to bid. One thousand and eighty-six (1,086) vendors were invited, five (5) responded. Three (3) vendors provided statements of no bid and two (2) responsive bids were received, with Kemira Water Solutions, Inc. recommended for award as the lowest, responsive and responsible bidder.

Fiscal Impact:

Estimated five-year expenditure not to exceed: \$1,676,626.26

Estimated average annual expenditure not to exceed: \$335,325.25

Funding is derived from the Solid Waste operating budget.
