Background Information:

On January 10, 2022, the Purchasing and Risk Division, on behalf of the Human Services Department, released a Request for Proposal (RFP) with the intent of selection a firm to provide emergency shelter and case management services for families with minor children. Two (2) responsive submittals were received. After evaluation, Human Services Department recommended award to HEP. Negotiations were centered around several factors, including approach and cost. The contract has a term of thirty-six (36) months beginning October 1, 2022, with an option for one (1) twenty-four-month renewal.

The firms in order of ranking are attached on the ranking spreadsheet.

As a core part of the Homeless Continuum of Care (CoC), the County has funded family emergency shelter beds to stabilize families and provide critical housing while awaiting permanent housing placement. There is an ongoing concern with family shelter demand and the availability of funded shelter beds within the County. In many cases, with existing emergency shelter beds, family size, eligibility, and even associated funding sources can create significant barriers to a family accessing emergency shelter beds. Eligibility barriers can exist to shelter beds based on program, funding source, employment, or other issues making access a challenge. In some instances, even when there may be vacant beds, there may not be funding tied to operate those beds and provide case management making them unavailable for use. Under this agreement, 13 shelter beds for literally homeless households with minor children will be funded.

Fiscal Impact:

Estimated three-year expenditure not to exceed: \$900,000.00

Annual not-to-exceed amount: \$300,000.00.

Funding for this contract is derived from the Human Services' FY23 Proposed Budget.
