Subject:

Third Amendment to the Agreement with Carousel Industries of North America for maintenance and repair of 9-1-1 equipment.

Recommended Action:

Approval and execution by the County Administrator of the Third Amendment to the Agreement with Carousel Industries of North America for maintenance and repair of 9-1-1 equipment.

- This Agreement provides for the Department of Safety and Emergency Services to continue contract services and allow for the refresh upgrade of hardware and software technology for the 9-1-1 phone system with Carousel Industries of North America, Inc.
- This Amendment will provide unspecified funds that will allow the department to address expenses not expressed in the scope of work for the duration of the contract without multiple contract amendments for comparatively small amounts. The 9-1-1 phone system is complex and occasionally requires expenses not specifically expressed in the contract scope of work.
- This Third Amendment increases the contract by 5% in the amount of \$217,212.77 for revised total contract value of \$4,561,468.18. The County Administrator has authority to increase maintenance, repair, and operating (MRO) contracts not-to-exceed 50% of the original Board of County Commissioners (Board) award amount, per County code 2-184(b). The total cumulative increases to date, including this amendment, are \$333,438.77, which does not exceed 50% of original Board award amount.
- The Second Amendment was approved by the County Administrator on April 5, 2022, in the amount of \$116,226.00. The First Amended and Restated agreement was approved by the Board on January 12, 2021, in the amount of \$4,228,029.41.

Contract No. 156-0302 M(RG) increase in the amount of amount of \$217,212.77 to \$4,561,468.18, through January 12, 2024.
