**Strategic Plan:**

5.2 Be responsible stewards of the public's resources

5.3 Ensure effective and efficient delivery of county services and support

**Summary:**

Approval to declare a portion of the County owned property as right-of-way and a portion as surplus will permit the County to proceed with the exchange of the Property with the City.

**Background Information:**

The City is looking to relocate Fire Station #39, currently located at 12398 134th Avenue, Largo. The City has identified that a portion of the County-owned Property would be suitable for their needs and County has determined that it is not useful or needed for any County purpose. The County does find that the City-owned parcel is useful and needed for County purposes, specifically affordable housing development. There is a mutual desire to exchange the properties.

The City of Largo Commission approved Ordinance No. 2023-08 to exchange the City Property for the County Property on December, 6, 2022, included to the attachments of this item for reference. Furthermore, the City approved Resolution No. 2354, authorizing the acceptance of the County Property pursuant to the County deed, including the condition that the real property is to be used solely and perpetually as a City of Largo Fire Station. In the event that said real property, in whole or in part, is at any time or for any reason no longer used as a City of Largo Fire Station, then title to said real property shall automatically revert to an vest in the Grantor.

In accordance with Section 125.37, Florida Statutes, the Board of County Commissioners of Pinellas County is authorized and empowered to exchange real property held and possessed by Pinellas County which is not needed for county purposes with other real property the County desires to acquire for county purposes when such exchange is in the best interest of the County.
