Summary:

This project will construct intersection improvements at 102nd Avenue North and 113th Street and additional roadway improvements on 102nd Avenue at 118th and 119th Streets. Roadway and intersection improvements will include milling, pavement resurfacing, roadway widening including asphalt pavement with base, curbing, installation of advanced traffic signalization, and the addition of a turn lane at 118th and 119th Streets. Work will also include storm sewer, sanitary sewer, and water main adjustments.

Background Information:

These improvements are intended to improve safety and access to this section of roadway. The intersection of 113th Street will have improved traffic and pedestrian flow through the intersection. Along 102nd Avenue between 118th Street and 119th Street, east-west left turn lanes will be constructed to improve access to the subdivisions north of 102nd Avenue.

Fiscal Impact:

Total expenditure not to exceed: \$922,969.18
