Background/Explanation:

The JAGC is a recurring DOJ pass-through grant administered by FDLE. It represents 60% of the state's total Federal Justice Assistance Grant award. Funds are allocated to the County based partially on population and crime statistics.

The JAGC is governed by Rule 11D-9 of the Florida Administrative Code. The SAAB was established in 1989 to comply with Rule 11D-9 and serve in an advisory capacity to the Board of County Commissioners. One of the SAAB's primary duties is to review and recommend projects to be funded by the JAGC.

Fiscal Impact:

Funding is provided by the JAGC to support nine (9) projects in Pinellas County. Four (4) of these projects are agreements with nonprofit agencies for a total of \$123,000. Funding for these agreements has been included in the FY20 Adopted Budget.

Delegated Authority:

Authority for the County Administrator to sign these agreements is granted under Code Section 2-62 (a)(1).

Authority for the Human Services Director to sign JAGC grant applications and other grant matters not requiring further Board approval is granted by a letter from the Board of County Commissioners dated April 29, 2019.
