### **Summary:**

The Petitioner seeks to vacate a sixteen (16) inch (1.1 foot) portion of the forty (40) foot wide drainage easement. The Petitioner desires to clear an encroachment created by a newly built stairway.

### **Background Information:**

The applicant received a construction permit that showed no encroachment of the stairway into the County's drainage easement. Onsite conditions resulted in the constructed stairway encroaching 1.1 foot into the County's drainage easement. Removing this unintended encroachment would pose a significant financial hardship on the applicant. County staff would not permit this encroachment during the permitting phase. However, in evaluating the financial impacts to the applicant if they were to clear this encroachment and the remaining area available to maintain drainage infrastructure in this drainage easement, County departments have no objection to the vacation request.

Letters of No Objection were received from Duke Energy, Frontier, Pinellas County Utilities Engineering, TECO Electric, TECO Peoples Gas and WOW! Bright House requested that the applicant be aware that if the possibility of relocation occurs, the relocation will be at the expense of the Petitioner.

The petition was properly advertised in accordance with §177, Florida State Statutes. Pursuant to the Real Property Division Procedures, notice was mailed by the Clerk of the Court to property owners within two hundred feet of the subject property. The Deputy Clerk will report to the Board any citizen support or opposition.

**Fiscal Impact:**

\$750.00 has been received for this request.
