### **Strategic Plan:**

4.3 Catalyze redevelopment through planning and regulatory programs

Deliver First Class Services to the Public and our Customers

5.2 Be responsible stewards of the public's resources

### **Summary:**

The amendment area is designated Residential Urban (RU) on the Future Land Use Map (FLUM) and is zoned RMH, Residential Mobile/Manufactured Home. The RU land use allows up to 7.5 units per acre. The site is currently occupied by a single-family residence. The applicant proposes to demolish the existing structure and redevelop the lot as a two-family duplex.

The subject property is within a predominately low-density residential area. The area contains a mixture of various low-density residential zoning districts and lot sizes. Single-family residential zoned RMH is directly adjacent to the property, with One, Two & Three Family Residential zoned R-4 and Single Family Residential zoned R-3 scattered throughout the wider community.

In general, the requested zoning amendment is appropriate and consistent with the Pinellas County Comprehensive Plan. The R-4 zoning will provide the opportunity for two-family duplex development, which is compatible with the RU land use and the surrounding development pattern. The maximum

residential density, which is based on the FLUM, is not increasing, therefore additional impacts to infrastructure are not anticipated.
