Summary:

This Agreement establishes the provisions and funding for the Division Z Drug Court Expansion Program. The term is for three (3) years beginning July 1, 2021, and ending June 30, 2024. The program budget is presented annually by the Court and approved by the State. The County agrees to contract with service providers to deliver substance abuse treatment and ancillary services to non-violent, adult offenders who are deemed eligible and who are amenable to treatment. Service funding agreements shall be in accordance with State-approved deliverables and shall be in the amounts set forth in the Treatment Services Budget approved annually by the State. The Court agrees to pay for contracted services according to the terms and conditions specified in Attachment A, subject to the availability of funds.

Background Information:

The Division Z program was established in 2010 as a pilot program with Federal grant funding derived from the American Recovery and Reinvestment Act of 2009. The grant ended in 2012, and the Florida Legislature began appropriating funding for the continuation of the program.

Eligible offenders are offered a voluntary 18 to 24 month court-supervised comprehensive treatment program involving regular court appearances before a Drug Court Judge. Participants are selected by the Sixth Judicial Circuit and must meet certain criteria, i.e., being amenable to treatment and having an underlying nonviolent offense.

Since its inception, 226 participants have graduated from the program. Currently there are 31 active participants, including 22 new enrollees. In 2020, there were 83 individuals served, and 17 were

graduates of the program. The recidivism rates were 15.6% at 12 months, and 18.1% at 24 months. The overall retention rate for the program is 86.02 percent.

Fiscal Impact:

The amount of the Agreement is \$599,928.00 per year, which includes a reimbursement annually of \$29,928.00 to the County to offset administrative costs. All expenses incurred under the Agreement are fully reimbursable by state funding. Funding to support this agreement was anticipated and is included in the FY21 Adopted Budget. This item is consistent with the development of the FY21 estimate and FY22 Proposed budget.
