Staff Report

File #: 23-0061A, **Version:** 1

Subject:

2023 Federal Legislative Program.

Recommended Action:

Approval of the 2023 Federal Legislative Program.

- The 2023 Federal Legislative Program outlines the Board's federal legislative priorities for the year, including:
 - National Flood Insurance Program
 - SUPPORT a long-term extension to the program that ensures financial stability, while not pricing out policy holders. This includes providing premium discounts for private and community-based mitigation efforts.
 - SUPPORT revisions to Risk Rating 2.0 to better support the connection between insurance, flood mapping, flood risk management and encourages mitigation.
 - Beach Nourishment
 - REQUEST the Army Corps of Engineers reevaluate its Perpetual Storm Damage Reduction Easement policy, which requires 100% of beachfront property owner easements in perpetuity for areas landward of the Erosion Control Line within the limits of the planned Sand Key Shore Protection project.
 - Offshore Oil Drilling
 - SUPPORT legislation to permanently ban oil drilling in the Eastern Gulf of Mexico within 125 miles of Florida. Legislation for a moratorium in the Eastern Gulf of Mexico expired in 2022, but the area remains protected through 2032 under a 2020 Presidential Executive Order.
 - American Rescue Plan Funding
 - SUPPORT legislation that provides additional flexibility and extends the date in which State and Local Fiscal Recovery Funds may be spent.
 - Per- and Polyfluoroalkyl Substances (PFAS)
 - SUPPORT strategies and funding for local governments that reduce or eliminate PFAS and hold parties responsible for introducing PFAS into waste streams.

Strategic Plan:

5.1 Maximize partner relationships and public outreach

5.2 Be responsible stewards of the public's resources

Summary:

The Federal Legislative Program outlines the Board's federal priorities for the year. In addition to the priorities included in the program, staff and the County's federal government relations firm, Van Scoyoc Associates will closely monitor all issues that emerge and have the potential to impact Pinellas County Government's ability to deliver services to residents and visitors alike.

Background Information:

The program was created with input from staff, the County's government relations firm, and the Board. The issues identified are those that have a substantial impact on the County and are likely to be addressed during the current Congress.

Fiscal Impact:
