Recommended Action:

Strategic Plan:

N/A

Summary:

The property, located at 1878 Elaine Dr. in unincorporated Clearwater, is owned by Matthew Scott Tyczkowski and Shieva Zandi. The approved site plan for the property includes a drainage swale, which the property owner, or predecessors in interest, filled and/or altered the functionality of without obtaining a zoning clearance. Additionally, a fence and shed were installed within public right-of-way without a permit. These actions constitute a violation of Pinellas County Code Section 138-179, for failure to maintain the property in strict compliance with approved site plan. The property owners have been afforded an opportunity to come into compliance, which they have not done, although neighboring properties have voluntarily come into site plan compliance.

This authorization includes bringing suit against all defendants that may be or become necessary and for injunctive relief as to all violations that may exist.

Background Information:

Notices of violation were issued on June 2, 2022, by Code Enforcement.
